

**NOTICE OF THE
2015 ANNUAL GENERAL MEETING
AND PROXY STATEMENT**

DEAR FELLOW SHAREHOLDER:

On behalf of the Enstar Group Limited Board of Directors, I am pleased to invite you to attend Enstar Group Limited's 2015 Annual General Meeting of Shareholders on May 6, 2015 at 9:00 a.m. Atlantic time. This year the meeting will again be held at our Company headquarters at Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, Bermuda. You can contact us at +1 (441) 292-3645 for directions.

A notice of the annual general meeting and the proxy statement follow. We have also included our Annual Report on Form 10-K for your information.

Your vote is very important. We urge you to vote as soon as possible using the internet, telephone, or, if you received a proxy/voting instruction card, by marking, dating, and signing it, and returning it by mail.

I look forward to seeing you at the 2015 Annual General Meeting, and I thank you for your continued support of Enstar.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. Campbell". The signature is fluid and cursive, with a long horizontal stroke at the end.

Robert J. Campbell
Chairman of the Board

**IMPORTANT NOTICE REGARDING THE AVAILABILITY
OF PROXY MATERIALS FOR THE ANNUAL GENERAL MEETING
OF SHAREHOLDERS TO BE HELD ON MAY 6, 2015**

This notice of meeting, the proxy statement, the proxy card and the annual report to shareholders for the year ended December 31, 2014 are available at <http://www.enstargroup.com/annual-proxy.cfm>.

**ENSTAR GROUP LIMITED
NOTICE OF 2015 ANNUAL GENERAL MEETING OF SHAREHOLDERS
MAY 6, 2015**

To the shareholders of Enstar Group Limited:

Notice is hereby given that the 2015 Annual General Meeting of Shareholders of Enstar Group Limited (the "Company") will be held on Wednesday, May 6, 2015 at 9:00 a.m. Atlantic time at our Company headquarters, located at Windsor Place, 3rd Floor, 22 Queen Street, Hamilton Bermuda, for the following purposes, as more fully described in the accompanying proxy statement:

1. To elect two Class III Directors nominated by our Board of Directors to hold office until 2018.
2. To hold an advisory vote to approve executive compensation.
3. To ratify the appointment of KPMG Audit Limited as our independent registered public accounting firm for 2015 and to authorize the Board of Directors, acting through the Audit Committee, to approve the fees for the independent registered public accounting firm.
4. To act on the election of directors for our subsidiaries.

Only holders of record of our voting ordinary shares at the close of business on March 13, 2015 are entitled to notice of and to vote at the meeting.

You are cordially invited to attend the Annual General Meeting in person. To ensure that your vote is counted at the meeting, however, please vote as promptly as possible. Submitting your proxy now will not prevent you from voting your shares at the meeting if you desire to do so, as your vote by proxy is revocable at your option in the manner described in the proxy statement.

By Order of the Board of Directors,

A handwritten signature in black ink that reads "Audrey B. Taranto". The signature is written in a cursive, flowing style.

Audrey B. Taranto
Corporate Secretary

Corporate Governance

Enstar is committed to sound governance, and we employ a number of practices that the Board believes are in the best interest of the Company and our shareholders. Highlights of these practices are listed below.

✓ An independent director serves as Chairman of the Board	✓ Maintain separate roles for the Chairman and the CEO
✓ Majority of independent directors, entirely independent Audit, Compensation, and Nominating and Governance Committees	✓ Alignment of pay and performance in executive officer compensation
✓ Regular executive sessions of independent directors	✓ Majority voting standard in uncontested elections of directors
✓ Annual shareholder advisory votes on executive officer compensation	✓ Anti-hedging policies in place (applicable to directors and all employees)
✓ Engaged an independent compensation consultant	✓ No shareholder rights plan ("poison pill")
✓ Executive officer change of control payments are "double trigger"	✓ Perform robust risk assessment of compensation programs
✓ Strong Code of Conduct that requires all employees and directors to adhere to high ethical standards	✓ Increased the allocation to variable components of equity compensation
✓ Board and Committee oversight of Enterprise Risk Management programs and processes	✓ No tax gross-ups on change of control
✓ No "over-boarding." None of our current directors serve on the board of directors of more than one other public company	✓ In the process of establishing new board-level Risk Committee and Underwriting Committee for 2015 in order to enhance our Board's oversight in these areas
✓ Annual Board and Committee performance evaluations are conducted	✓ Subsidiary boards maintain strong governance programs
✓ Long-term incentive plan awards that we grant are designed to minimize equity dilution and burn rate	✓ Equity incentive plan prohibits re-pricing of underwater stock options and SARs

Business Highlights

Enstar delivered strong financial and operational results for 2014. The performance in our core non-life run-off business was the primary driver, with solid contributions from Atrium and our life and annuities segments. This was also a year of integrating the Torus companies that we acquired April 1, 2014. We have made, and continue to make, significant progress in building our Torus active underwriting platform to support our future growth and long-term strategic objectives. Select highlights for the year include:

We increased our fully diluted net book value per share by 13.3% to an all-time high of \$119.22 – this is a compound annual growth rate of 17.9% since we became a public company in 2007.

Our net earnings were \$213.7 million, an increase of 2.5% from 2013, and our highest annual total net earnings since becoming a public company.

We grew our business with the acquisition of A- rated global specialty insurer Torus, with total growth in reserves partially offset by reserve releases in our run-off companies. Thus far in 2015, we have acquired additional reserves of approximately \$1.4 billion related to non-life run-off acquisition activity (not reflected in this table).

Executive Compensation

Philosophy:

We are a rapidly growing company operating in an extremely competitive and changing industry. Our compensation program is based on these core principles:

Induce performance consistent with clearly defined corporate objectives

Align our executives' long-term interests with those of our shareholders

Fairly compensate our executives

Retain and attract qualified executives who are able to contribute to our long-term success

Performance-Based Compensation:

Our annual incentive plan is funded based on enterprise-wide net after-tax profits, which we believe reflects and promotes our primary corporate objective of increasing our net book value per share over the long term.

- Executive incentive award payments are determined after the performance year by our Compensation Committee based on an evaluation of individual performance and contribution to operating results as well as advancement of our long-term strategic objectives.
- Decisions are subjective and not based on mandated, pre-established pay-out formulas, which we believe provides necessary flexibility for compensation in line with our program objectives.

Key Compensation Decisions for 2014 Performance Year:

Reflecting our strong results, acquisition achievements and execution of our strategies to position us for future growth and success, our Compensation Committee made the following key decisions:

- **Long-Term Incentive Awards** – We made long-term incentive compensation grants of cash-settled stock appreciation rights (“SARs”) to our Chief Executive Officer and Joint Chief Operating Officers during 2014 (and to our Chief Financial Officer in early 2015), which vest in full three years from the grant date. The SARs would remain exercisable for one year following vesting. These awards significantly increased the weighting of long-term compensation as a component of total pay awarded for the year, further aligning the interests of our executives and shareholders.
- **Incentive Bonuses** – We reduced incentive bonuses (by 29% for our Chief Executive Officer and on average by 33% for our other executive officers) to allocate compensation to long-term “at risk” incentive awards.
- **Base Salaries** – Base salaries, which had remained flat in 2011, 2012, and 2013, increased by 3% for calendar year 2014, largely reflecting cost of living increases.

Impact of Long-term Incentive Awards on 2014 Compensation:

The change in our compensation program to allocate more compensation to long-term incentive awards had a significant impact on the reported pay of our executives. By making SAR awards designed to drive increases in the value of our Company over the next three to four years, we increased the amount of performance-based / at risk compensation that we awarded to Dominic Silvester, our Chief Executive Officer, to 82% of his reported pay. He will not realize value from the SAR awards, if any, until August 2017. Our other executive officers also received SAR awards, either in 2014 or 2015.

This caused an increase in Chief Executive Officer pay reported in the Summary Compensation Table on page 48 from 2013 to 2014 and a decrease in realized pay, as shown in the Realized Pay Chart on page 49. Pay realized by Mr. Silvester in 2014 was 39% of pay reported for the year.

PROXY STATEMENT
FOR
2015 ANNUAL GENERAL MEETING OF SHAREHOLDERS

QUESTIONS AND ANSWERS

1. Why am I receiving these proxy materials?

We have made these proxy materials available to you on the internet or, in some cases, have delivered printed copies of these proxy materials to you by mail in connection with the solicitation of proxies by the Board of Directors (the “Board”) of Enstar Group Limited (the “Company”) for use at the 2015 Annual General Meeting of Shareholders of the Company to be held on Wednesday, May 6, 2015 at 9:00 a.m. Atlantic time at our Company headquarters, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, Bermuda and at any postponement or adjournment thereof. These proxy materials are first being sent or given to shareholders on March 26, 2015. You are invited to attend the Annual General Meeting and are requested to vote on the proposals described in this proxy statement.

2. Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials via the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our shareholders. All shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy are included in the Notice. In addition, shareholders may request proxy materials in printed form by mail or electronically by email on an ongoing basis.

We believe that providing access to our proxy materials via the internet will expedite shareholders’ receipt of materials, while lowering costs and reducing the environmental impact of our Annual General Meeting because we will print and mail fewer full sets of materials.

3. What is included in these proxy materials?

These “proxy materials” include this proxy statement, our Annual Report to Shareholders for the year ended December 31, 2014 and, if you received printed copies of the proxy materials by mail, the proxy card. We have included the Annual Report for informational purposes and not as a means of soliciting your proxy.

4. What matters are being voted on at the Annual General Meeting?

Shareholders will vote on the following proposals at the Annual General Meeting:

1. To elect two Class III Directors nominated by our Board of Directors to hold office until 2018.
2. To hold an advisory vote to approve executive compensation.
3. To ratify the appointment of KPMG Audit Limited (“KPMG”) as our independent registered public accounting firm for 2015 and to authorize the Board of Directors, acting through the Audit Committee, to approve the fees for the independent registered public accounting firm.

4. To act on the election of directors for our subsidiaries.
5. To transact such other business as may properly come before the meeting and any postponement or adjournment thereof.

5. What are the Board's voting recommendations?

The Board recommends that you vote your shares:

1. **"FOR"** the nominees to serve on our Board (Proposal No. 1).
2. **"FOR"** advisory approval of the resolution on our executive compensation (Proposal No. 2).
3. **"FOR"** the ratification of the appointment of KPMG as our independent registered public accounting firm for 2015 and the authorization of our Board, acting through the Audit Committee, to approve the fees for the independent registered public accounting firm (Proposal No. 3).
4. **"FOR"** each of the subsidiary director nominees (Proposal No. 4).

6. How can I get electronic access to the proxy materials?

The Notice includes instructions regarding how to:

- View on the internet our proxy materials for the Annual General Meeting; and
- Instruct us to send future proxy materials to you by email.

Our proxy materials are also available on our website under "Annual General Meeting Materials" at <http://www.enstargroup.com/annual-proxy.cfm>.

Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

7. Who may vote at the Annual General Meeting?

Only holders of record of our voting ordinary shares as of the close of business on March 13, 2015 (the "record date") are entitled to notice of and to vote at the Annual General Meeting. Holders of our non-voting convertible common shares are welcome to attend the Annual General Meeting, but may not vote these shares at the meeting or any postponement or adjournment thereof. As used in this proxy statement, the term "ordinary shares" does not include our non-voting convertible common shares. As of the record date, there are 15,805,089 ordinary shares issued and outstanding and entitled to vote at the Annual General Meeting. Except as set forth in our bye-laws, each ordinary share entitles the holder thereof to one vote. In accordance with our bye-laws, certain shareholders whose shares represent 9.5% or more of the voting power of our ordinary shares are entitled to less than one vote for each ordinary share held by them.

8. What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are represented by certificates or book entries in your name so that you appear as a shareholder on the records of American Stock Transfer & Trust Company, our stock transfer agent, you are considered the shareholder of record with respect to those shares, and the Notice or, in some cases, the proxy materials, were sent directly to you. If you request printed copies of the proxy materials, you will also receive a proxy card.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar institution, then you are the beneficial owner of shares held in street name and the Notice was forwarded to you by that institution. The institution holding your account is considered the shareholder of record for purposes of voting at the Annual General Meeting. As a beneficial owner, you have the right to instruct that institution on how to vote the shares held in your account.

9. What do I do if I received more than one Notice or proxy card?

If you receive more than one Notice or proxy card because you have multiple accounts, you should provide voting instructions for all accounts referenced to be sure all of your shares are voted.

10. How do I vote?

We hope that you will be able to attend the Annual General Meeting in person. Whether or not you expect to attend the Annual General Meeting in person, we urge you to vote your shares at your earliest convenience by one of the methods described below, so that your shares will be represented.

Shareholders of record can vote any one of four ways:

VIA THE INTERNET	You may vote by proxy via the internet by following the instructions provided in the Notice.
BY MAIL	If you received printed copies of the proxy materials, you may vote by proxy by filling out the proxy card and sending it back in the envelope provided.
BY TELEPHONE	You may vote by proxy by calling the telephone number found on the internet voting site or on the proxy card, if you received a printed copy of the proxy materials. However, if you plan to vote for subsidiary directors on an individual basis under Proposal No. 4, you can do so only via internet or mail, or in person.
IN PERSON	You, or a personal representative with an appropriate proxy, may vote by ballot at the Annual General Meeting. We will give you a ballot when you arrive. If you need directions to the Annual General Meeting, please call our offices at (441) 292-3645.

If you own shares in street name, you will receive instructions from the holder of record that you must follow in order for your shares to be voted. Internet and/or telephone voting also will be offered to shareholders owning shares through most banks and brokers. If you own shares in street name and you wish to attend the Annual General Meeting to vote in person, you must obtain a legal proxy from the institution that holds your shares and attend the Annual General Meeting, or send a personal representative with the legal proxy, to vote by ballot. You should contact your bank or brokerage account representative to learn how to obtain a legal proxy.

11. What is the voting deadline if voting by internet or telephone?

If you vote by internet or by telephone, you must transmit your vote by 11:59 p.m. Eastern time on May 5, 2015.

12. How can I attend the Annual Meeting?

You may attend the Annual General Meeting if you were an Enstar shareholder of record as of the close of business on March 13, 2015 or you hold a valid proxy for the Annual General Meeting. You should be prepared to present photo identification for admittance. If you are a shareholder of record, your name will be verified against the list of shareholders of record on the record date prior to your being admitted to the Annual General Meeting. If you are not a shareholder of record but hold shares through a broker, trustee or nominee, you should provide proof of beneficial ownership on the record date, such as a recent account statement showing your ownership, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

13. What is the quorum requirement for the Annual General Meeting?

Two or more shareholders present in person or by proxy and entitled to vote at least a majority of the shares entitled to vote at the meeting constitute a quorum for the transaction of business at the meeting. Abstentions and broker non-votes will be included in determining the presence of a quorum at the meeting. A broker non-vote occurs when a beneficial owner of shares held in street name does not provide voting instructions and, as a result, the institution that holds the shares is prohibited from voting those shares on certain proposals. Shares that are properly voted on the internet or by telephone or for which proxy cards are properly executed and returned, but lacking voting directions, will be counted toward the presence of a quorum.

14. How are proxies voted?

Shares that are properly voted on the internet or by telephone or for which proxy cards are properly executed and returned will be voted at the Annual General Meeting in accordance with the directions given or, in the absence of directions, in accordance with the Board's recommendations as set forth in "What are the Board's voting recommendations?" above. If any other business is brought before the meeting, proxies will be voted, to the extent permitted by applicable law, in accordance with the judgment of the persons voting the proxies.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, you may vote by proxy, meaning you authorize individuals named on the proxy to vote your shares. If you do not vote by proxy or in person at the Annual General Meeting, your shares will not be voted. If you own shares in street name, you may instruct the institution holding your shares on how to vote your shares. If you do not provide voting instructions, the institution may nevertheless vote your shares on your behalf with respect to the ratification of the appointment of KPMG as the Company's independent registered public accounting firm for 2015, but not on any other matters being considered at the meeting.

15. What are the voting requirements to approve each of the proposals?

Proposal	Voting Requirements	Effect of Abstentions	Effect of Broker Non-Votes
1. Election of Directors	Affirmative Vote of Majority of Votes Cast	No effect on outcome	No effect on outcome
2. Advisory approval of the Company's executive compensation	Affirmative Vote of Majority of Votes Cast (to be approved on an advisory basis)	No effect on outcome	No effect on outcome
3. Ratification of the appointment of KPMG Audit Limited as our independent registered public accounting firm for 2015 and to authorize the Board, acting through the Audit Committee, to approve its fees	Affirmative Vote of Majority of Votes Cast	No effect on outcome	No effect on outcome
4. Election of Subsidiary Directors	Board will Cause our Corporate Representative or Proxy to Vote Subsidiary Shares in the Same Proportion as Votes Received	No effect on outcome	No effect on outcome

16. Can I change my vote after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual General Meeting. You may vote again on a later date via the internet or by telephone (in which case only your latest internet or telephone proxy submitted prior to 11:59 p.m. Eastern time on May 5, 2015 will be counted), by filling out and returning a new proxy card bearing a later date, or by attending the Annual General Meeting and voting in person. However, your attendance at the Annual General Meeting will not automatically revoke your proxy unless you vote again at the Annual General Meeting or specifically request that your prior proxy be revoked by delivering to our Corporate Secretary a written notice of revocation prior to the Annual General Meeting.

17. Who is paying for the cost of this proxy solicitation?

We will bear the cost of preparing and soliciting proxies, including the reasonable charges and expenses of brokerage firms or other nominees for forwarding proxy materials to the beneficial owners of our ordinary shares. In addition to solicitation by mail, certain of our directors, officers and employees may solicit proxies personally or by telephone or other electronic means without extra compensation, other than reimbursement for actual expenses incurred in connection with the solicitation.

CORPORATE GOVERNANCE

Board of Directors

Our Board is divided into three classes designated Class I, Class II and Class III. The term of office for each of our Class III directors expires at this year's Annual General Meeting; the term of office for each of our Class I directors expires at our annual general meeting in 2016; and the term of office for each of our Class II directors expires at our annual general meeting in 2017. At each annual general meeting, the successors of the class of directors whose term expires at that meeting will be elected to hold office for a term expiring at the annual general meeting to be held in the third year following the year of their election.

The Board believes that all of its directors have demonstrated professional integrity, ability and judgment, as well as leadership and strategic management abilities, and have each performed exceptionally well in their respective time served as directors. Several of our current directors have served as directors of the Company for a number of years, and during this time, we have experienced significant growth and success. Our directors who have joined in recent years have made significant contributions, drawing on backgrounds that are highly complementary to our growing Company. In February 2015, we were pleased to add B. Frederick (Rick) Becker as a new director.

Particular attributes that are significant to each individual director's selection to serve on the Board are described below.

Nominees

DOMINIC F. SILVESTER

Director Since: 2001 **Age:** 54 **Class:** III
Enstar Officer Title: Chief Executive Officer

Biographical Information: Dominic Silvester has served as a director and the Chief Executive Officer of the Company since its formation in 2001. In 1993, Mr. Silvester began a business venture in Bermuda to provide run-off services to the insurance and reinsurance industry. In 1995, the business was assumed by Enstar Limited, which is now a subsidiary of the Company, and for which Mr. Silvester has since then served as Chief Executive Officer. Prior to co-founding the Company, Mr. Silvester served as the Chief Financial Officer of Anchor Underwriting Managers Limited from 1988 until 1993.

Skills and Qualifications: As a co-founder and CEO of the Company, Mr. Silvester contributes to the Board his intimate knowledge of the Company and the run-off industry. He is well known in the industry and is primarily responsible for identifying and developing our business strategies and acquisition opportunities on a worldwide basis. Mr. Silvester has served as our CEO since the Company's inception, demonstrating his proven ability to manage and grow the business.

KENNETH W. MOORE

Director Since: 2014 **Age:** 45 **Class:** III
Enstar Committees: Audit, Compensation, Investment

Biographical Information: Kenneth Moore is a Managing Director of First Reserve, a global energy-focused private equity and infrastructure investment firm, which he joined in 2004. Mr. Moore has overall responsibility for the firm's capital markets activities both in existing portfolio companies and with regard to its new acquisitions. His responsibilities also include investment origination, structuring, monitoring and strategy. Prior to joining First Reserve, he spent four years with Morgan Stanley in New York. Mr. Moore holds a B.A. degree from Tufts University and an M.B.A. from the Johnson School of Management at Cornell University.

Certain Other Directorships: Mr. Moore has served as a director of Cobalt International Energy, Inc., a publicly traded independent exploration and production company, since 2007. He previously served as a director of Torus Insurance Holdings Limited beginning in 2007 and as the Chairman of its Board from May 2012 until the closing of our acquisition of Torus on April 1, 2014.

Skills and Qualifications: Mr. Moore brings to our Board his 15 years of finance and capital markets experience, and knowledge gained from over a decade in the private equity business, including analyzing companies and their financial statements and selectively making acquisitions and investments. He has also gained valuable experience in serving on the boards of other publicly traded companies.

Continuing Directors

ROBERT J. CAMPBELL

Director Since: 2007 **Age:** 66 **Class:** I
Enstar Committees: Audit (Chair), Compensation, Investment (Chair), Nominating and Governance

Biographical Information: Robert Campbell was appointed as the independent Chairman of the Board in November 2011. Mr. Campbell has been a Partner with the investment advisory firm of Beck, Mack & Oliver, LLC since 1990.

Certain Other Directorships: Mr. Campbell is a director and chairman of the compensation committee of Boulevard Acquisition Corp., a blank check company that completed its initial public offering in February 2014. He previously served as a director of Camden National Corporation, a publicly traded company, from 1999 to 2014.

Skills and Qualifications: Mr. Campbell brings to the Board his extensive understanding of finance and accounting, which he obtained through over 40 years of analyzing financial services companies and which is very valuable in his role as chairman of our Audit Committee. In addition, Mr. Campbell's investment management expertise makes him a key member of our Investment Committee, of which he serves as chairman. In his three years as Chairman, Mr. Campbell has spent considerable time and energy gaining in-depth knowledge of our business, which is significant to the leadership and function of our Board.

B. FREDERICK (RICK) BECKER

Director Since: 2015 **Age:** 68 **Class:** II

Enstar Committees: Audit, Compensation (Chair), Nominating and Governance (Chair)

Biographical Information: Rick Becker is the Chairman of Clarity Group, Inc., a U.S. national healthcare professional liability and risk management organization, which he co-founded over 13 years ago. Prior to co-founding Clarity Group, Inc., he served as Chairman and Chief Executive Officer of MMI Companies, Inc. from 1985 until its sale to The St. Paul Companies in 2000. Mr. Becker has previously served as President and CEO of Ideal Mutual and McDonough Caperton Employee Benefits, Inc., and also served as State Compensation Commissioner for the State of West Virginia.

Certain Other Directorships: Mr. Becker currently serves as a director of private companies West Virginia Mutual Insurance Company, Barton and Associates, Inc., and Dorada Holdings Ltd. (Bermuda).

Skills and Qualifications: Mr. Becker is a valuable addition to our Board, having over 35 years of experience within the insurance and healthcare industries. He has an extensive background in risk management, which enhances our risk oversight and monitoring capabilities. The Board also values Mr. Becker's corporate governance experience, which he has gained from serving on many other boards over the years. In addition, his previous work on compensation matters makes him well-suited to serve as Chairman of our Compensation Committee.

JAMES D. CAREY

Director Since: 2013 **Age:** 48 **Class:** II

Enstar Committees: Investment

Biographical Information: James Carey is a senior principal of Stone Point Capital LLC, a private equity firm based in Greenwich, Connecticut. Stone Point Capital serves as the manager of the Trident Funds, which invest exclusively in the global financial services industry. Mr. Carey has been with Stone Point Capital and its predecessor entities since 1997. He previously served as a director of the Company from 2001 until January 31, 2007.

Certain Other Directorships: Mr. Carey currently serves on certain boards of the portfolio companies of the Trident Funds, including Citco III Limited, Eagle Point Credit Management LLC, Sedgwick Claims Management Services, Inc., Pierpont Capital Holdings LLC and Privilege Underwriters Inc. He previously served as non-executive chairman of PARIS RE Holdings Limited and as a director of Alterra Capital Holdings Limited, Cunningham Lindsey Group Limited and Lockton International Holdings Limited. Mr. Carey also serves as a director of Torus and the holding companies that we and Trident established in connection with the Atrium/Arden and Torus co-investment transactions.

Skills and Qualifications: Having worked in the private equity business for the past 17 years, Mr. Carey brings an extensive background and expertise in the insurance and financial services industries, making him a valuable asset to our Board. His in-depth knowledge of investments and investment strategies is significant in his role on our Investment Committee, and his experience and insight into active underwriting businesses is also important given our recent acquisitions. We also value his experience serving on boards of directors of a number of companies in the industry, as well as his prior years of dedicated service on our Board.

PAUL J. O'SHEA

Director Since: 2001 **Age:** 57 **Class:** I

Enstar Officer Title: Executive Vice President and Joint Chief Operating Officer

Biographical Information: Paul O'Shea has served as a director, Executive Vice President and Joint Chief Operating Officer of the Company since our formation in 2001. In his role as an executive officer, he leads our mergers and acquisitions operations, including overseeing our transaction sourcing, due diligence, and negotiations processes. In 1994, Mr. O'Shea joined Dominic F. Silvester and Nicholas A. Packer in their run-off business venture in Bermuda, and he served as a director and Executive Vice President of Enstar Limited, which is now a subsidiary of the Company, from 1995 until 2001. Prior to co-founding the Company, he served as the Executive Vice President, Chief Operating Officer and a director of Belvedere Group/Caliban Group from 1985 until 1994.

Skills and Qualifications: Mr. O'Shea is a qualified chartered accountant who has spent more than 30 years in the insurance and reinsurance industry, including many years in senior management roles. As a co-founder of the Company, Mr. O'Shea has intimate knowledge and expertise regarding the Company and our industry.

SUMIT RAJPAL

Director Since: 2011 **Age:** 39 **Class:** I

Enstar Committees: Investment

Biographical Information: Sumit Rajpal is a managing director of Goldman, Sachs & Co. He joined Goldman, Sachs & Co. in 2000 and became a managing director in 2007.

Certain Other Directorships: Mr. Rajpal serves as a director on the boards of Ipreo Parent Holdco LLC, ProSight Specialty Insurance Holdings, TransUnion Holding Company, Inc., Safe-Guard Products International, LLC, and Hastings Insurance Group, and is a board observer for SKBHC Holdings, LLC. Mr. Rajpal previously served on the boards of Validus Holdings, Ltd. (from 2008 until February 2011) and USI Holdings Corporation (from May 2007 to December 2012).

Skills and Qualifications: Mr. Rajpal brings to our Board his extensive knowledge of the global insurance and reinsurance industries, which he has gained through years of experience as an investor and director. His expertise in corporate finance and investing is highly valuable to our Board's oversight of capital planning and our Investment Committee's oversight of our investment portfolios.

Directorship Arrangements

We have previously entered into the following arrangements relating to directorships:

- *Recapitalization/Merger (2007)* – On January 31, 2007, in connection with the merger of one of our wholly-owned subsidiaries with The Enstar Group, Inc. (the "Merger"), we also completed a recapitalization transaction. Pursuant to the terms of the agreement governing the recapitalization, Paul J. O'Shea and Dominic F. Silvester were named directors of the Company.
- *Goldman Sachs Investment (2011)* – On April 20, 2011, we entered into an Investment Agreement (the "Investment Agreement") with certain affiliates of Goldman, Sachs & Co. ("Goldman Sachs") and, pursuant to the agreement's terms, Sumit Rajpal was named a director of the Company.

- *Torus Acquisition (2014)* – On April 1, 2014, we and the Trident V funds completed the acquisition of Torus Insurance Holdings Limited (“Torus”). In connection with the closing, we and First Reserve entered into a Shareholder Rights Agreement under which First Reserve has the right to designate one representative to our Board of Directors. This designation right terminates if First Reserve ceases to beneficially own at least 75% of the total number of voting and non-voting shares acquired by it at the closing. Pursuant to the Shareholder Rights Agreement, Kenneth Moore was named a director of the Company, effective as of the closing.

Independence of Directors

Following the appointment of Mr. Becker on February 25, 2015, our Board currently consists of seven directors, of which five are non-management directors. The Board determined that the following four directors are independent as defined by Nasdaq Marketplace Rule 5605(a)(2):

Current Independent Directors:	
Robert J. Campbell	Rick Becker
Kenneth W. Moore	Sumit Rajpal

The Board made these determinations based primarily on a review of the responses of the directors to questions regarding employment and compensation history, family relationships and affiliations, and discussions with the directors. For details about certain relationships and transactions among us and our executive officers and directors, see “Certain Relationships and Related Transactions” beginning on page 28.

Board Leadership Structure

The Board has separated the positions of Chairman and Chief Executive Officer. Robert J. Campbell, an independent director, has served as Chairman since November 2011 (when our then Chairman and Chief Executive Officer, Dominic F. Silvester, recommended the separation of the positions). The Board believes that separating the roles of Chairman and CEO and having Mr. Campbell serve as Chairman is the most effective leadership structure for us at this time.

Mr. Campbell has served on our Board for over seven years. The Board believes he is well suited to assist with the execution of strategy and business plans, to play a prominent role in setting the Board’s agenda, to act as the liaison between the Board and our senior management, and to preside at Board and shareholder meetings.

The Board believes that our corporate governance structure appropriately satisfies the need for objectivity, and includes several effective oversight means, including:

- the roles of Chairman and CEO are separated;
- the Chairman is an independent director;
- the Board is comprised of a majority of independent directors;
- before or after regularly scheduled Board meetings, the independent directors meet in executive session to review, among other things, the performance of our executive officers; and
- the Audit, Compensation and Nominating and Governance committees of the Board are comprised only of independent directors who perform key oversight functions, such as:
 - overseeing the integrity and quality of our financial statements,
 - overseeing risk assessment and management,
 - establishing senior executive compensation,
 - reviewing director candidates and making recommendations for director nominations, and
 - overseeing our corporate governance structure and practices.

The Board recognizes, however, that no single leadership model is right for all companies at all times and that, depending on the circumstances in the future, other leadership models might be appropriate for us.

Board Committees

Our Board has an Audit Committee, a Compensation Committee, a Nominating and Governance Committee and an Investment Committee. Each of our committees operates under a written charter that has been approved by our Board. The charters are reviewed annually by each respective committee, which recommends any proposed changes to our Board. Current copies of the charters for all of our committees are available on our website at <http://www.enstargroup.com/corporate-governance.cfm>. In addition, any shareholder may receive copies of these documents in print, without charge, by contacting Investor Relations at P.O. Box HM 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, HM JX, Bermuda.

Our Board of Directors met a total of six times during the year ended December 31, 2014.

The primary responsibilities of each of our committees, as well as the current composition of our committees and the number of committee meetings held during 2014, are described below.

Audit Committee	
<p>The primary responsibilities of our Audit Committee include:</p> <ul style="list-style-type: none"> • overseeing our accounting and financial reporting process, including our internal controls over financial reporting, • overseeing the quality and integrity of our financial statements, • reviewing the qualifications and independence of our independent auditor, • reviewing the performance of our internal audit function and independent auditor, • reviewing related party transactions, • overseeing our compliance with legal and regulatory requirements, • appointing and retaining our independent auditors, • pre-approving compensation, fees and services of the independent auditors and reviewing the scope and results of their audit, and • overseeing the process by which we undertake risk assessment and risk management, including discussing our financial risk exposures and the steps management has taken and is taking to monitor and control such exposures, although we expect some of this oversight to be transitioned to our Risk Committee during 2015. <p>Each member of the Audit Committee is a non-management director and is independent as defined in Nasdaq Marketplace Rule 5605(a)(2) and under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Our Board has determined that Messrs. Campbell and Becker qualify as audit committee financial experts pursuant to the definition set forth in Item 407(d)(5)(ii) of Regulation S-K, as adopted by the SEC. Kenneth J. LeStrange (an independent director) served as a member of our Audit Committee until December 31, 2014. Mr. Becker was appointed to the committee effective February 25, 2015.</p>	<p>Committee Members: Robert J. Campbell (Chair) Rick Becker Kenneth W. Moore</p> <hr/> <p>Number of Meetings in 2014: 5</p>

Compensation Committee

The primary responsibilities of our Compensation Committee include:

- determining the compensation of our executive officers,
- establishing our compensation philosophy,
- overseeing the development and implementation of our compensation programs, including our incentive plans and equity plans,
- overseeing the risks associated with the design and operation of our compensation programs, policies and practices, and
- periodically reviewing the compensation of our directors and making recommendations to our Board with respect thereto.

Each member of the Compensation Committee is a non-management director, is independent as defined in Nasdaq Marketplace Rule 5605(a)(2), and meets the enhanced independence standards applicable to compensation committee members in Nasdaq Marketplace Rule 5605(d)(2) and the Exchange Act. Additional information on the Compensation Committee and the role of management in setting compensation is provided below in “Executive Compensation — Compensation Discussion and Analysis” beginning on page 31. Mr. LeStrange served as Chairman and member of the Compensation Committee until December 31, 2014.

Nominating and Governance Committee

The primary responsibilities of our Nominating and Governance Committee include:

- identifying individuals qualified to become directors and reviewing any candidates proposed by directors, management or shareholders,
- recommending committee appointments to the Board,
- recommending the annual director nominees to the Board and the shareholders,
- establishing director qualification criteria,
- supporting the succession planning process, and
- advising the Board with respect to corporate governance-related matters.

Each member of the Nominating and Governance Committee is a non-management director and is independent as defined in Nasdaq Marketplace Rule 5605(a)(2). Mr. Becker joined the committee as Chairman on February 25, 2015.

Committee Members:

Rick Becker (Chair)
Robert J. Campbell

Number of Meetings in 2014:

Investment Committee

The primary responsibilities of our Investment Committee include:

- determining our investment strategy,
- developing and reviewing our investment guidelines and overseeing compliance with these guidelines and various regulatory requirements and any applicable loan covenants,
- overseeing our investments, including approval of investment transactions,
- overseeing the selection, retention and evaluation of outside investment managers,
- overseeing investment-related risks, including those related to the Company's cash and investment portfolios and investment strategies, and
- reviewing and monitoring the Company's investment performance quarterly and annually against plan and external benchmarks agreed from time to time.

Four members of the Investment Committee (Messrs. Campbell, Carey, Moore and Rajpal) are non-management directors, and three members (Messrs. Campbell, Moore and Rajpal) are independent as defined in Nasdaq Marketplace Rule 5605(a)(2).

*Richard Harris is the Company's Chief Financial Officer. David Roche is an Executive Vice President of our subsidiary Enstar Limited. Cormac Treanor is Executive Vice President and Group Head of Life of our subsidiary Enstar (US) Inc. The Board has included Messrs. Harris, Roche and Treanor on the Investment Committee because it believes their respective knowledge and insight in investment and other Company matters provides a significant benefit to the function of the committee. In particular, the Board believes that Mr. Harris' insight into financial and accounting matters and knowledge of subsidiary portfolios, Mr. Roche's involvement in mergers and acquisitions, and Mr. Treanor's financial services and life insurance experience support the oversight of the Company's investments and add valuable skill sets to this committee.

Attendance at Meetings

We expect our directors to attend all meetings of our Board, all meetings of all committees of the Board on which they serve and each annual general meeting of shareholders, absent exigent circumstances.

In 2014, during the time they were serving, all of the directors other than Mr. Moore attended at least 75% of the meetings of the Board and the committees of the Board on which the director served and was not recused from attending. Due to our acquisitive business model, from time to time, a special meeting may be required solely with respect to a particular matter, such as an acquisition or significant new business transaction or investment, in which a director may be recused from participating due to a potential conflict of interest between the Company and the business of his primary employer. Where such a matter is the only material purpose for holding the special meeting, it

is our practice that a recused director is not eligible to attend the meeting, and accordingly his attendance record would not be impacted. Mr. Moore, who became a director upon the closing of our acquisition of Torus, missed Board and committee meetings held on two consecutive days due to a scheduling conflict identified prior to his appointment.

All directors then serving attended the 2014 annual general meeting of shareholders, other than Mr. Rajpal, who participated in the meeting by telephone as an observer. His telephonic participation was not considered attendance due to our policy requiring in-person attendance for meetings. In addition, in 2014, our independent directors met each quarter in executive sessions without management.

Board Oversight of Risk Management

Effective risk oversight is an important priority for the Board, which has placed strong emphasis on ensuring we have a robust risk management framework to identify, measure, manage, report and monitor risks that affect the achievement of strategic, operational and financial objectives of the Company and our subsidiaries. Our Board and its committees have risk oversight responsibility and play an active role in overseeing management of the risks we face.

The overall objective of our risk management framework is to support good risk governance, support the achievement of business objectives and provide overall benefits to us by adding value to the control environment, and to contribute to an effective business strategy, efficiency in operations and processes, strong financial performance, accurate financial reporting, regulatory compliance, a good reputation with key stakeholders, business continuity planning, and capital planning.

Our enterprise risk management (“ERM”) consists of numerous processes and controls that have been designed by our senior management (including our risk management team), with oversight by our Board and its committees, managed by our senior executives, and implemented by employees across our organization. Risk assumption is inherent in our business, and appropriately setting risk appetite and executing our business strategies in accordance therewith is key to our performance. For more information on ERM, refer to “Item. 1 Business – Enterprise Risk Management (ERM)” beginning on page 33 of our Annual Report on Form 10-K for the year ended December 31, 2014.

The Board and its committees regularly review information regarding, among other things, our operations, loss reserves, acquisitions, credit, liquidity, investments, active underwriting and the risks associated with each. Management is responsible for the Company’s risk management, including identifying, monitoring, prioritizing, and addressing risks, and management reports to the Board and its committees with respect thereto.

Following a review of the Company’s growth and newer business segments, the Board recently determined that it would create a Risk Committee and an Underwriting Committee at the Board level to provide enhanced director oversight and involvement in these areas. During 2015, we expect to approve charters for these committees and appoint committee members, so that full engagement of these committees will commence.

Our committees support the Board’s oversight of risk management in the following ways:

Committee	Risk Management Responsibilities
Audit Committee	<ul style="list-style-type: none"> • Reviews our overall risk appetite with input from management • Reviews our risk management methodologies • Oversees management’s execution of our risk management objectives • Discusses our financial risk exposures and the steps management has taken and is taking to monitor and control such exposures • Receives direct reports from the Company’s Head of Internal Audit, who meets with the committee on a quarterly basis and maintains an open dialogue with the Audit Committee Chairman • Receives direct reports on ERM, which is expected to occur during Risk Committee meetings in the coming year
Compensation Committee	<ul style="list-style-type: none"> • Oversees risks relating to our compensation programs and plans (as more fully described in “Executive Compensation — Compensation Discussion and Analysis — Compensation Risk Assessment” on page 46) • Conducts an annual risk assessment of our compensation programs to ensure they are properly aligned with Company performance and do not provide incentives for our employees to take inappropriate or excessive risks
Nominating and Governance Committee	<ul style="list-style-type: none"> • Oversees risks relating to corporate governance matters, including with respect to reviewing Board and Committee composition and the Company’s relations with our shareholders • Oversees and supports the Board in management succession planning
Investment Committee	<ul style="list-style-type: none"> • Regularly evaluates and tests our investment portfolio and investment strategies under various stress scenarios • Oversees compliance with investment guidelines, which assist us in monitoring our investment-related risks • Monitors and evaluates our internal investment management department and external investment managers • Oversees the Company’s investment systems and technology resources and any associated risks

Director Nominations, Qualifications and Recommendations

When identifying and evaluating director nominees, our Nominating and Governance Committee considers the nominees’ personal and professional integrity, judgment, ability to represent the interests of the shareholders, and knowledge regarding insurance, reinsurance and investment matters, as well as other factors discussed below. The Nominating and Governance Committee has primarily identified candidates through its periodic solicitation of ideas from members of the Board, the Company’s executive officers, and individuals known to the Board or executive officers, although in certain private placement or acquisition-related transactions, parties have obtained the right to designate a board representative.

Several members of our Board recommended Rick Becker to the Nominating Committee as a potential candidate to fill the vacancy created by the resignation of Kenneth LeStrange, who left the Board on December 31, 2014 due to time constraints created by his commitments to other business interests. These directors were familiar with Mr. Becker's experience in the insurance industry and his service on other boards. Members of the Nominating Committee and the Board interviewed Mr. Becker, reviewed his qualifications, and recommended that he be appointed. Our Board of Directors is also continuing its ongoing recruitment efforts to identify additional high-quality independent directors, and has been working with a director search firm to find individuals who meet our criteria and complement and enhance our Board and its committees.

For incumbent directors, the committee reviews each director's overall service to the Company during the director's term, including the director's level of participation and quality of performance. The Nominating and Governance Committee considered and nominated the candidates proposed for election as director at the Annual General Meeting, with the Board unanimously agreeing on the nominees.

Director Qualifications

We seek to identify candidates who represent a mix of backgrounds and experiences that will improve the Board's ability, as a whole, to serve the needs of our Company and the interests of our shareholders. While we do not have a formal diversity policy for selection of directors, we consider diversity broadly to include differences of professional experience, individual attributes and skill sets, perspective, knowledge and expertise in substantive matters pertaining to our business and industry.

Given the complex nature of our business and the insurance and reinsurance industry, we seek to include directors whose experiences, although varying and diverse, are also complementary to and demonstrate a familiarity with the substantive matters necessary to lead the Company and navigate our run-off and active underwriting businesses.

Shareholder Recommendations

Shareholders may recommend candidates to serve as directors by submitting a written notice to the Nominating and Governance Committee at Enstar Group Limited, P.O. Box HM 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, HM JX, Bermuda. Shareholder recommendations must be accompanied by sufficient information to assess the candidate's qualifications and contain the candidate's consent to serve as director if elected. Shareholder nominees will be evaluated by the Nominating and Governance Committee in the same manner as nominees selected by the committee.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or was during 2014 an employee, or is or ever has been an officer, of the Company. During the year ended December 31, 2014, no executive officer served as a member of the compensation committee or as a director of another entity having an executive officer serving on our Compensation Committee or as one of our directors.

Code of Conduct

We have adopted a Code of Conduct that applies to all of our directors and employees, including all senior executive and financial officers. A copy of our Code of Conduct is available on our website at <http://www.enstargroup.com/corporate-governance.cfm> by clicking on "Code of Conduct."

In addition, any shareholder may receive a copy of the Code of Conduct or any of our committee charters in print, without charge, by contacting Investor Relations at Enstar Group Limited, P.O. Box HM 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton HM JX, Bermuda. We intend to post any

amendments to our Code of Conduct on our website. In addition, we intend to disclose any waiver of a provision of the Code of Conduct that applies to our senior executives and financial officers, by posting such information on our website or by filing a Form 8-K with the SEC within the prescribed time period.

Shareholder Communications with the Board

Shareholders and other interested parties may send communications to our Board by sending written notice to:

Enstar Group Limited
Attention: Corporate Secretary
P.O. Box HM 2267
Windsor Place, 3rd Floor
22 Queen Street
Hamilton, HM JX
Bermuda

The notice may specify whether the communication is directed to the entire Board, to the independent directors, or to a particular Board committee or individual director.

Our Corporate Secretary will handle routine inquiries and requests for information. If our Corporate Secretary determines the communication is made for a valid purpose and is relevant to the Company and its business, our Corporate Secretary will forward the communication to the entire Board, to the independent directors, to the appropriate committee chairman or to the individual director as the notice was originally addressed. At each regular meeting of our Board, our Corporate Secretary will present a summary of all communications received since the previous meeting that were not forwarded and will make those communications available to the directors on request.

DIRECTOR COMPENSATION

2014 Director Compensation Program

In 2014, our director compensation program included:

- retainers payable quarterly for non-employee directors, the Chairman of the Board, and each committee chairman; and
- meeting fees for all Board and committee meetings attended.

Directors who are employees of the Company receive no fees for their services as directors. Mr. Rajpal has waived all fees for his services as a director.

Our director retainer and meeting fees were as follows:

2014 Retainer Fees	Annual Amounts Payable	2014 Meeting Fees	Amounts Payable for Attendance
Non-Employee Directors	\$70,000	Board Meetings	\$3,500
Chairman of the Board	\$50,000	Telephonic Board Meetings	\$1,000
Audit Committee Chairman	\$10,000	Audit Committee Meetings	\$1,500
Compensation Committee Chairman	\$ 5,000	Compensation Committee Meetings	\$1,250
Nominating and Governance Committee Chairman	\$ —	Nominating and Governance Committee Meetings	\$ —
Investment Committee Chairman	\$ 5,000	Investment Committee Meetings	\$1,250

Deferred Compensation Plan

The Amended and Restated Enstar Group Limited Deferred Compensation and Ordinary Share Plan for Non-Employee Directors (the “Deferred Compensation Plan”) provides each non-employee director with the opportunity to elect (i) to defer receipt of all or a portion of his cash or equity compensation until retirement or termination and (ii) to receive all or a portion of his cash compensation for services as a director in the form of our ordinary shares instead of cash.

Non-employee directors electing to defer compensation have such compensation converted into share units payable as a lump sum distribution after the director’s “separation from service” as defined under Section 409A of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”). The lump sum share unit distribution will be made in the form of ordinary shares, with fractional shares paid in cash. Non-employee directors electing to receive compensation in the form of ordinary shares would receive whole ordinary shares (with any fractional shares payable in cash) as of the date compensation would otherwise have been payable.

Director Compensation Table

The following table summarizes the compensation of our non-employee directors who served in 2014, and accordingly does not include Rick Becker, who joined our Board on February 25, 2015. All fees were earned in cash and deferred by the directors under our Deferred Compensation Plan; no stock awards, option awards, or other compensation were paid.

Name	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	Total (\$)
Robert J. Campbell	\$167,000	—	\$167,000
Charles T. Akre, Jr. ⁽³⁾	\$38,654	—	\$38,654
T. Whit Armstrong ⁽³⁾	\$37,404	—	\$37,404
James D. Carey	\$98,402	—	\$98,402
Kenneth J. LeStrange ⁽³⁾	\$100,000	—	\$100,000
Kenneth W. Moore	\$68,750	—	\$68,750
Sumit Rajpal ⁽⁴⁾	—	—	—

- (1) The directors elected to defer all of their fees in the form of share units pursuant to the Deferred Compensation Plan. See also footnote 2.
- (2) Share units acquired for services in 2014 under the Deferred Compensation Plan were as follows: (a) Mr. Campbell — 1,181.164 units; (b) Mr. Akre — 281.902 units; (c) Mr. Armstrong — 272.820 units; (d) Mr. Carey — 575.060 units; (e) Mr. LeStrange — 705.866 units; and (e) Mr. Moore — 476.975 units. Total share units under the Deferred Compensation Plan held by directors as of the record date are described in the footnotes to the Principal Shareholders and Management Ownership table beginning on page 24.
- (3) Messrs. Akre and Armstrong decided not to stand for re-election at last year's annual general meeting and accordingly resigned from the Board of Directors effective June 10, 2014. Mr. LeStrange resigned from the Board of Directors effective December 31, 2014. Following these resignations, the former directors received the following ordinary shares in settlement of share units held under the Deferred Compensation Plan: (a) Mr. Akre — 5,062 shares; (b) Mr. Armstrong — 6,687 shares; and (c) Mr. LeStrange — 1,560 shares. Mr. Armstrong received an additional 14,922 shares in settlement of restricted share units he had received in the Merger in 2007, as well as \$113,164 in cash to settle 737.8 deferred units he also received in the Merger.
- (4) Mr. Rajpal has waived all fees for his services.

Program Changes for 2015

In 2014, our Compensation Committee undertook a review of the director compensation program with support from our independent compensation consultant, McLagan. The review was conducted in conjunction with our ongoing recruitment efforts to identify additional high-quality independent

directors, which included engaging a director search firm. The search firm provided us with feedback that our director compensation program was significantly below peer median and was unlikely to attract the caliber of candidates we are seeking. The primary deficiency identified in our director compensation program as compared to those of our peers was the lack of an equity retainer. Accordingly, the Compensation Committee recommended that the Board increase the annual non-employee director retainer fee to \$150,000, with \$75,000 payable in cash and \$75,000 payable in restricted stock that is subject to a one-year vesting period. The Board of Directors approved the increase, effective January 1, 2015. Directors may still elect to defer all or a portion of their compensation under the Deferred Compensation Plan. Portions of the equity retainer that are deferred under the plan are subject to the same one-year vesting conditions.

The compensation consultant's analysis also indicated that the annual Chairman retainer of \$50,000 was well below market within our peer group for a non-employee director Chairman. Following a review by the Compensation Committee, the matter was referred to the full Board, which reviewed the market data and assessed the considerable time, effort, and contributions of Mr. Campbell and increased the annual Chairman retainer fee to \$100,000, with \$50,000 payable in cash and \$50,000 payable in restricted stock subject to a one-year vesting period. Mr. Campbell did not participate in any discussions or decisions related to this matter. The increase was effective January 1, 2015.

For information on our peer group, the Committee's decision to engage McLagan, its assessment of McLagan's independence, and fees paid to McLagan and its affiliates during 2014, see "Compensation Discussion and Analysis — Competitive Pay and Role of Compensation Consultants" beginning on page 35).

EXECUTIVE OFFICERS

Our current executive officers are as follows:

DOMINIC F. SILVESTER

Title: Chief Executive Officer

Since: 2001 **Age:** 54

Biographical Information: Dominic Silvester has served as a director and the Chief Executive Officer of the Company since its formation in 2001. In 1993, Mr. Silvester began a business venture in Bermuda to provide run-off services to the insurance and reinsurance industry. In 1995, the business was assumed by Enstar Limited, which is now a subsidiary of the Company, and for which Mr. Silvester has since then served as Chief Executive Officer. Prior to co-founding the Company, Mr. Silvester served as the Chief Financial Officer of Anchor Underwriting Managers Limited from 1988 until 1993.

PAUL J. O'SHEA

Title: Executive Vice President and Joint Chief Operating Officer

Since: 2001 **Age:** 57

Biographical Information: Paul O'Shea has served as a director, Executive Vice President and Joint Chief Operating Officer of the Company since our formation in 2001. He leads our mergers and acquisitions operations, including overseeing our transaction sourcing, due diligence, and negotiations processes. In 1994, Mr. O'Shea joined Dominic F. Silvester and Nicholas A. Packer in their run-off business venture in Bermuda, and he served as a director and Executive Vice President of Enstar Limited, which is now a subsidiary of the Company, from 1995 until 2001. Prior to co-founding the Company, he served as the Executive Vice President, Chief Operating Officer and a director of Belvedere Group/Caliban Group from 1985 until 1994.

NICHOLAS A. PACKER

Title: Executive Vice President and Joint Chief Operating Officer

Since: 2001 **Age:** 52

Biographical Information: Nicholas Packer has served as Executive Vice President and Joint Chief Operating Officer of the Company since our formation in 2001. He has global responsibility for our insurance and reinsurance company operations, including oversight of our underwriting, claims, commutation, consulting and ceded reinsurance operations. In May 2014, he was named Executive Chairman and Chief Executive Officer of our Torus group of companies. From 1996 to 2001, he was Chief Operating Officer of Enstar (EU) Limited, a wholly-owned subsidiary of Enstar Limited (which is now a subsidiary of the Company). Mr. Packer served as Enstar Limited's Chief Operating Officer from 1995 until 1996. In 1993, Mr. Packer joined Mr. Silvester in operating a run-off business venture in Bermuda. Prior to co-founding the Company, Mr. Packer served as Vice President of Anchor Underwriting Managers Limited from 1991 until 1993. Prior to joining Anchor, he was a joint deputy underwriter at CH Bohling & Others, an affiliate of Lloyd's of London.

She worked in Bermuda from 1999 to 2001 for Ernst & Young as an Investment Accountant. Prior to this, Ms. Gregory worked for QBE Insurance & Reinsurance (Europe) Limited in Ireland from 1993 to 1998 as a Financial Accountant.

PRINCIPAL SHAREHOLDERS AND MANAGEMENT OWNERSHIP

The following table sets forth information as of March 13, 2015 (unless otherwise provided herein) regarding beneficial ownership of our voting ordinary shares by each of the following, in each case based on information provided to us by these individuals:

- each person or group known to us to be the beneficial owner of more than 5% of our ordinary shares;
- each of our current directors and director nominees;
- each of the individuals named in the Summary Compensation Table on page 48; and
- all of our current directors and executive officers as a group.

The following table describes the ownership of our voting ordinary shares, which are the only shares entitled to vote at the Annual General Meeting. In addition to voting ordinary shares, there are a total of 3,439,652 issued and outstanding non-voting ordinary shares. Of these shares, 2,725,637 are Series C non-voting ordinary shares owned by Goldman Sachs that, together with its 665,529 voting ordinary shares, represented an economic interest of over 18% as of March 13, 2015. First Reserve owns 714,015 Series E non-voting ordinary shares that, together with its voting shares, represented an economic interest of over 11.5% as of March 13, 2015. For additional information on our non-voting ordinary shares, refer to Note 14 to our consolidated financial statements beginning on page 212 of our Annual Report on Form 10-K for the year ended December 31, 2014.

Unless otherwise indicated, each person has sole voting and dispositive power with respect to all shares shown as beneficially owned by them.

- (1) Our bye-laws would reduce the total voting power of any U.S. shareholder or direct foreign shareholder group owning 9.5% or more of our ordinary shares to less than 9.5% of the voting power of all of our shares.
- (2) Based on a Schedule 13D filed jointly on April 11, 2014 by (i) First Reserve Fund XII, L.P. ("First Reserve XII"), (ii) FR XII-A Parallel Vehicle, L.P. ("FR XII-A"), (iii) FR XI Offshore AIV, L.P. ("FR XI Offshore AIV"), (iv) FR Torus Co-Investment, L.P. ("FR Co-Invest", together with First Reserve XII, FR XII-A and FR XI Offshore AIV, the "First Reserve Partnerships"), (v) First Reserve GP XII

Limited (“XII Limited”), (vi) First Reserve GP XII, L.P. (“XII GP”), (vii) FR XI Offshore GP, L.P. (“GP XI Offshore”), (viii) FR XI Offshore GP Limited (“GP XI Offshore Limited”) and (ix) William E. Macaulay. Includes (a) 652,596 ordinary shares owned by First Reserve XII, (b) 11,715 ordinary shares owned by FR XII-A, (c) 809,989 ordinary shares owned by FR XI Offshore AIV, and (d) 26,911 ordinary shares owned by FR Co-Invest. XII Limited is the general partner of XII GP, which in turn is the general partner of each of First Reserve XII and FR XII-A. XII Limited is the general partner of FR Co-Invest. William E. Macaulay is a director of XII Limited, and has the right to appoint a majority of the Board of Directors of XII Limited. By virtue of Mr. Macaulay’s right to appoint a majority of the directors of XII Limited, Mr. Macaulay may be deemed to have the shared power to vote or direct the vote of, and the shared power to dispose of or direct the disposition of, the ordinary shares held by each of First Reserve XII, FR XII-A and FR Co-Invest and therefore, Mr. Macaulay may be deemed to be a beneficial owner of such ordinary shares. GP XI Offshore is the general partner of FR XI Offshore AIV. GP XI Offshore Limited is the general partner of GP XI Offshore. Pursuant to the Shareholder Rights Agreement between Enstar and the First Reserve Partnerships and Corsair, Kenneth W. Moore was named to our Board of Directors. Mr. Moore is a Managing Director of First Reserve and has a less than 5% limited partnership interest in GP XI Offshore and XII GP and is a less than 10% owner of GP XI Offshore Limited and XII Limited. See footnote 10 with respect to 602 ordinary shares issuable to Mr. Moore pursuant to the Deferred Compensation Plan and not included in the First Reserve Partnerships’ total reported holdings of 1,501,211 ordinary shares. Each of the above persons and entities, other than the First Reserve Partnerships as to their direct holdings, disclaims beneficial ownership of any of our ordinary shares held by the First Reserve Partnerships. The address of the above persons and entities is c/o First Reserve Management, L.P., One Lafayette Place, Greenwich, Connecticut 06830.

- (3) Based on information provided in a Schedule 13D filed jointly on November 15, 2013 by Trident V, L.P. (“Trident V”), Trident Capital V, L.P. (“Trident V GP”), Trident V Parallel Fund, L.P. (“Trident V Parallel”), Trident V Professionals Fund, L.P. (“Trident V Professionals” and, together with Trident V and Trident V Parallel, the “Partnerships”), Stone Point Capital LLC (“Stone Point”) and SPC Management Holdings LLC. Consists of (a) 773,556 ordinary shares held by Trident V, (b) 542,505 ordinary shares held by Trident V Parallel, and (c) 33,939 ordinary shares held by Trident V Professionals. The sole general partner of Trident V is Trident V GP. The sole general partner of Trident V Parallel is Trident Capital V-PF, L.P. (“Trident Capital V-PF”). The sole general partner of Trident V Professionals is Stone Point GP Ltd. (together with Trident V GP and Trident Capital V-PF, the “GPs”). Each of the GPs holds voting and investment power with respect to the ordinary shares that are, or may be deemed to be, beneficially owned by the respective Partnership of which it is the general partner. In addition, the limited partnership agreements of each of the Partnerships have the effect of conferring dispositive power over the ordinary shares held by the Partnerships to Trident V and Trident V GP. Pursuant to certain management agreements, Stone Point has received delegated authority by the GPs to exercise voting rights of ordinary shares on behalf of the Partnerships, subject to certain limitations, but Stone Point does not have dispositive power over the ordinary shares held by the Partnerships. James Carey, a member of our Board, is a member and senior principal of Stone Point, an owner of one of four general partners of each of Trident V GP and Trident Capital V-PF, and a shareholder and director of Stone Point GP Ltd., which is the general partner of Trident V Professionals. See footnote 9 with respect to 846 ordinary shares issuable to Mr. Carey pursuant to the Deferred Compensation Plan and not included in the Partnerships’ total reported holdings of 1,350,000 shares. Although these share units accrue to Mr. Carey personally, he holds these share units solely for the benefit of Stone Point, which may be deemed an indirect beneficial owner. The principal address for Trident V, Trident V GP, Trident V Parallel, Trident V Professionals and Stone Point is c/o Stone Point at its principal address, which is 20 Horseneck Lane, Greenwich, CT 06830.

- (4) Includes 490,732 ordinary shares held directly by Mr. Silvester and 741,735 ordinary shares held by the Right Trust (167,000 of which have been pledged to secure a loan). Mr. Silvester and his immediate family are the sole beneficiaries of the Right Trust. The trustee of the Right Trust is R&H Trust Co. (BVI) Ltd., whose registered office is Woodbourne Hall, P.O. Box 3162, Road Town, Tortola, British Virgin Islands. Mr. Silvester's address is c/o Enstar Group Limited, P.O. Box 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton HM JX, Bermuda.
- (5) Based on information provided in a Schedule 13G filed on January 26, 2015 by Beck, Mack & Oliver LLC ("Beck Mack"), a registered investment adviser under Section 203 of the Investment Advisers Act of 1940. The ordinary shares beneficially owned by Beck Mack are owned by investment advisory clients of Beck Mack. These clients have the right to receive or the power to direct the receipt of, dividends from, or the proceeds from the sale of, such securities. No one of these clients owns more than 5% of the Company's ordinary shares. As of December 31, 2014, Beck Mack had shared dispositive power with respect to all of the shares and sole voting power with respect to 1,155,561 shares. The principal address for Beck Mack is 360 Madison Avenue, New York, NY 10017. Robert J. Campbell, one of our directors, is a Partner at Beck Mack. Beck Mack disclaims beneficial ownership of the ordinary shares of the Company that are, or may be deemed to be, beneficially owned by Mr. Campbell, which are described in footnote 8.
- (6) Includes (a) 16,695 ordinary shares held directly by Mr. Packer and (b) 303,106 ordinary shares held by Hove Investments Holding Limited, a British Virgin Islands company. The Hove Trust owns all of the equity interests of Hove Investments Holding Limited. Mr. Packer and his immediate family are the sole beneficiaries of the Hove Trust. The trustee of the Hove Trust is R&H Trust Co. (BVI) Ltd.
- (7) Includes (a) 31,629 ordinary shares held directly by Mr. O'Shea and (b) 154,431 ordinary shares held by the Elbow Trust. Mr. O'Shea and his immediate family are the sole beneficiaries of the Elbow Trust. The trustee of the Elbow Trust is R&H Trust Co. (BVI) Ltd.
- (8) Includes (a) 50,756 ordinary shares held directly by Mr. Campbell, (b) 42,500 ordinary shares held by a self-directed pension plan, (c) 32,300 ordinary shares owned by Mr. Campbell's spouse, (d) 25,050 ordinary shares owned by Osprey Partners, (e) 12,600 ordinary shares owned by Mr. Campbell's children, (f) 3,000 ordinary shares owned by the Robert J. Campbell Family Trust, (g) 2,500 ordinary shares owned by the F.W. Spellissy Trust, (h) 500 ordinary shares owned by the Amy S. Campbell Family Trust, and (i) 8,975 ordinary shares issuable pursuant to the Deferred Compensation Plan. Mr. Campbell disclaims beneficial ownership of the ordinary shares that are, or may be deemed to be, beneficially owned by Beck Mack.
- (9) Includes 846 ordinary shares issuable pursuant to the Deferred Compensation Plan held by Mr. Carey solely for the benefit of Stone Point, of which Mr. Carey is a senior principal. Mr. Carey disclaims beneficial ownership of these share units, except to the extent of his pecuniary interest therein, if any. Stone Point may be deemed an indirect beneficial owner of these ordinary shares. Does not include (a) 773,556 ordinary shares held by Trident V, (b) 542,505 ordinary shares held by Trident V Parallel, and (c) 33,939 ordinary shares held by Trident V Professionals. These shares are included in the table in the number of shares owned by the Partnerships and are described in footnote 3. Mr. Carey is a member of the investment committee and owner of one of the four general partners of both of Trident V GP (the general partner of Trident V) and Trident Capital V-PF (the general partner of Trident V Parallel). Mr. Carey is also a member and senior principal of Stone Point and a shareholder and director of Stone Point GP Ltd., which is the general partner of Trident V Professionals. Mr. Carey disclaims beneficial ownership of the shares held of record or beneficially by the Partnerships, except to the extent of any pecuniary interest therein.

- (10) Includes 602 ordinary shares issuable pursuant to the Deferred Compensation Plan. Mr. Moore is an employee of First Reserve Management, L.P., an affiliate of the First Reserve Partnerships. Mr. Moore disclaims beneficial ownership of any securities that may be deemed to be beneficially owned by the First Reserve Partnerships or any of their affiliates.
- (11) Mr. Rajpal disclaims beneficial ownership of the shares that relate to and are described in this footnote (except to the extent of his pecuniary interest therein, if any) and does not otherwise beneficially own any of our ordinary shares. In connection with two closings under the Investment Agreement dated April 20, 2011 among us and GSCP VI AIV Navi, Ltd., GSCP VI Offshore Navi, Ltd., GSCP VI Parallel AIV Navi, Ltd., GSCP VI Employee Navi, Ltd., and GSCP VI GmbH Navi, L.P. (collectively, the “Purchasers”), the Purchasers acquired 665,529 ordinary shares in the aggregate in addition to the 2,725,637 Series C non-voting ordinary shares referenced on page 24. Such shares may be deemed to be beneficially owned by Goldman Sachs, a broker or dealer registered under Section 15 of the Exchange Act and an investment adviser registered under Section 203 of the Investment Advisers Act of 1940. Please see the statement on Schedule 13D/A filed on December 27, 2011 by Goldman Sachs, the Purchasers and certain of their affiliates for a description of other of our ordinary shares that could be argued to be beneficially owned by Goldman Sachs, the Purchasers or their affiliates under certain theories. The general partner, managing general partner or other manager of each of the Purchasers is an affiliate of The Goldman Sachs Group, Inc. (“GS Group”). Goldman Sachs is a direct and indirect wholly-owned subsidiary of GS Group. Goldman Sachs is the investment manager of certain of the Purchasers. In accordance with SEC Release No. 34-39538 (January 12, 1998) (the “Release”), this proxy statement reflects the securities beneficially owned by certain operating units (collectively, the “Goldman Sachs Reporting Units”) of GS Group and its subsidiaries and affiliates. This filing does not reflect securities, if any, beneficially owned by any operating units of GS Group whose ownership of securities is disaggregated from that of the Goldman Sachs Reporting Units in accordance with the Release. The Goldman Sachs Reporting Units disclaim beneficial ownership of the securities beneficially owned by (i) any client accounts with respect to which the Goldman Sachs Reporting Units or their employees have voting or investment discretion, or both, and (ii) certain investment entities of which the Goldman Sachs Reporting Units act as the general partner, managing general partner or other manager, to the extent interests in such entities are held by persons other than the Goldman Sachs Reporting Units. The address of each of the persons mentioned in this paragraph is 200 West Street, New York, New York 10282.
- (12) Mr. Becker was appointed to the Board on February 25, 2015.
- (13) See footnote 4 and footnotes 6 through 12.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the SEC and The Nasdaq Stock Market, LLC reports on Forms 3, 4 and 5 regarding their ownership of ordinary shares and other equity securities of the Company. Under SEC rules, we must be furnished with copies of these reports.

Based solely on our review of the copies of such forms received by us and written representations from our executive officers and directors, we believe that, during the year ended December 31, 2014, all filing requirements applicable to our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities under Section 16(a) were complied with on a timely basis.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Procedures

From time to time, we have participated in transactions in which one or more of our directors, executive officers or large shareholders has an interest. These transactions are described below. All related party transactions require the approval of our Audit Committee (a committee comprised entirely of independent directors), which reviews the transaction for fairness, business purpose, and reasonableness. Each transaction involving the Company and an affiliate entered into during 2014 was approved by our Audit Committee. Investment transactions are also subject to the review and approval of our Investment Committee.

In addition, our Board has adopted a Code of Conduct, which states that our directors, officers and employees must avoid engaging in any activity that might create a conflict of interest or a perception of a conflict of interest. These individuals are required to raise any proposed or actual transaction that they believe may create a conflict of interest for audit committee consideration and review. In any situation where an Audit Committee member could be perceived as having a potential conflict of interest, that member would be expected to recuse himself from the matter, and the non-interested members of the committee would review the transaction.

On an annual basis, each director and executive officer completes a Directors' and Officers' Questionnaire that requires disclosure of any transactions with the Company in which he, or any member of his immediate family, has a direct or indirect material interest. A summary of responses from the questionnaires is reported to the Audit Committee.

Investments and Transactions Involving Affiliates of Certain Shareholders

Transactions with Trident and its Affiliates

Following several private transactions occurring from May 2012 to July 2012, Trident V, L.P., Trident V Parallel Fund, L.P. and Trident V Professionals Fund, L.P. (collectively, "Trident") acquired 1,350,000 of our ordinary shares (which now constitutes approximately 8.5% of our ordinary shares). On November 6, 2013, we appointed James D. Carey to our Board of Directors. Mr. Carey is the sole member of an entity that is one of four general partners of the entities serving as general partners for Trident, is a member of the investment committees of such general partners, and is a member and senior principal of Stone Point Capital LLC, the manager of the Trident funds.

Prior to Trident's acquisition of our ordinary shares in 2012, we decided to invest in two funds, Sky Harbor Global Funds ("Sky Harbor") and Prima Mortgage Investment Trust ("Prima"), which are managed by companies in which the Trident funds have indirect ownership interests. Additional allocations to these investments were approved by our Audit and Investment Committees and made in subsequent years. As of December 31, 2014, we had made aggregate investments of \$150.0 million in Sky Harbor, which had an aggregate fair value of approximately \$156.1 million. As of December 31, 2014, we had made aggregate investments of \$30.0 million in Prima, with an aggregate fair value of approximately \$33.9 million. The Sky Harbor and Prima fund managers receive certain fees from us (included within our investment amounts) on terms no less favorable than for similarly situated investors. Subsequent to December 31, 2014, we made a commitment to invest up to an additional \$40.0 million in the Prima fund.

During 2014, we made a commitment to invest up to \$20.0 million in the Trident VI Parallel Fund, a fund managed by Stone Point Capital LLC. As of December 31, 2014, we had funded \$1.8 million of our commitment, and this investment had a fair value of \$1.6 million. Fees for this investment have

been established on terms no less favorable than for similarly situated investors and are included within our investment amounts.

During 2014, we invested \$11.0 million in Eagle Point Credit Fund L.P., which is managed by Eagle Point Credit Management, a company affiliated with entities owned by Trident. Mr. Carey serves as a director of the managing entity. As of December 31, 2014, the fair value of this investment was \$11.0 million. The fund manager receives certain fees from us (included within our investment amounts) on terms no less favorable than for similarly situated investors. We also invested \$25.5 million in shares of common stock of Eagle Point Credit Company Inc., a registered investment company affiliated with Trident. As of December 31, 2014, the fair value of this investment was \$25.6 million. We also have separate accounts managed by Eagle Point Credit Management. The Company incurred approximately \$0.1 million in management fees for the year ended December 31, 2014 with respect to these separate accounts.

Before Mr. Carey joined our board, we invested \$20.0 million in Sound Point Capital Floating Rate Fund, a fund managed by Sound Point Capital. Mr. Carey has an indirect minority ownership interest in and serves as a director of, Sound Point Capital. As of December 31, 2014, the fair value of this investment was \$22.3 million. During 2014, we invested \$17.5 million in Sound Point Credit Opportunities Offshore Fund, Ltd., a fund managed by Sound Point Capital. This investment had a fair value of \$17.5 million as of December 31, 2014. Sound Point Capital receives certain fees from us (included within our investment amounts) on terms no less favorable than for similarly situated investors.

From time to time, certain of our directors and executive officers have made significant personal commitments and investments in entities that are affiliates of or otherwise related to Trident or Sound Point Capital, including some of the entities listed above. In addition, we have entered into certain agreements with Trident with respect to Trident's co-investments in the Atrium Underwriting Group Limited ("Atrium"), Arden Reinsurance Company Ltd. ("Arden"), and Torus acquisitions. These include investors' agreements and shareholders' agreements, which provide for, among other things: (i) the Company's right to redeem Trident's 39.3% equity interest in the Atrium/Arden and Torus transactions in cash at fair market value within the 90 days following the fifth anniversary of the Arden and Torus closings, respectively, and at any time following the seventh anniversary of the Arden and Torus closings, respectively; and (ii) Trident's right to have its 39.3% equity co-investment interests in the Atrium/Arden and Torus transactions redeemed by the Company at fair market value (which the Company may satisfy in either cash or its ordinary shares) following the seventh anniversaries of the Arden closing and Torus closing, respectively. As of December 31, 2014, we have included \$374.6 million as redeemable noncontrolling interest on our balance sheet relating to these Trident co-investment transactions.

Pursuant to the terms of the shareholders' agreements, Mr. Carey serves as a Trident representative on the boards of Torus and the holding companies established in connection with the Atrium/Arden and Torus co-investment transactions. Trident also has a second representative on these boards who is a Stone Point Capital employee.

Investment in Goldman Sachs Affiliates

Affiliates of Goldman Sachs & Co. ("Goldman Sachs") own approximately 4.2% of our voting ordinary shares and 100% of our outstanding Series C non-voting convertible common shares. Sumit Rajpal, a managing director of Goldman Sachs, was appointed to our Board in connection with Goldman Sachs' investment in the Company.

We have committed to invest up to \$30.0 million in Vintage VI, L.P., a fund affiliated with Goldman Sachs. As of December 31, 2014, we had funded approximately \$12.0 million of this investment, which had a fair value of \$11.7 million. We have also invested \$25.0 million in Goldman Sachs Global Strategic Income Bond Fund, a fund affiliated with Goldman Sachs. As of December 31, 2014, this investment had a fair value of \$24.6 million. The fund managers receive certain fees from us (included within our investment amounts) on terms no less favorable than for similarly situated investors.

We have also invested £12.5 million (approximately \$20.7 million) in indirect non-voting interests of two companies affiliated with Hastings Insurance Group Limited (“Hastings”). The fair value of this investment as of December 31, 2014 was \$25.1 million. Our interests are held in accounts managed by affiliates of Goldman Sachs. Goldman Sachs affiliates have an approximately 50% interest in the Hastings companies, and Mr. Rajpal serves as a director of the entities in which we have invested. In connection with the Hastings investment, Goldman Sachs receives certain fees from us (on terms no less favorable than for similarly situated investors) pursuant to the terms of the documents governing the investments. For the year ended December 31, 2014, these fees totaled approximately \$0.3 million.

During 2015, Goldman Sachs Asset Management, a Goldman Sachs affiliate, began providing investment management services to one of our subsidiaries pursuant to an arms-length agreement reflecting customary terms and conditions.

Affiliates of Goldman Sachs own approximately 22% of Global Atlantic Financial Group (“GAFG”), which owns entities that provide reinsurance to Arden. As at December 31, 2014, our total reinsurance recoverable from GAFG entities amounted to \$230.5 million. As of December 31, 2014, reinsurance balances recoverable from a particular non-rated GAFG entity with a carrying value of \$175.2 million represented 10% or more of our total non-life run-off reinsurance balances recoverable. The \$175.2 million recoverable from that GAFG entity at December 31, 2014 was secured by a trust fund. The balance of \$55.3 million as of December 31, 2014 was recoverable from GAFG entities rated A- and higher.

Indemnification of Directors and Officers; Director Indemnity Agreements

We have Indemnification Agreements with each of Messrs. Becker, Campbell, Carey, O’Shea, Moore, Packer, Rajpal and Silvester. Each Indemnification Agreement provides, among other things, that we will, to the extent permitted by applicable law, indemnify and hold harmless each indemnitee if, by reason of such indemnitee’s status as a director or officer of the Company, such indemnitee was, is or is threatened to be made a party or participant in any threatened, pending or completed proceeding, whether of a civil, criminal, administrative, regulatory or investigative nature, against all judgments, fines, penalties, excise taxes, interest and amounts paid in settlement and incurred by such indemnitee in connection with such proceeding. In addition, each of the Indemnification Agreements provides for the advancement of expenses incurred by the indemnitee in connection with any proceeding covered by the agreement, subject to certain exceptions. None of the Indemnification Agreements precludes any other rights to indemnification or advancement of expenses to which the indemnitee may be entitled, including but not limited to, any rights arising under the Company’s governing documents, or any other agreement, any vote of the shareholders of the Company or any applicable law.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

In 2014, we delivered strong financial and operational results, largely consistent with our performance in 2013, primarily as a result of our execution in our core non-life run-off business.

Financial Performance:

During 2014, we:

- increased our fully diluted net book value per share by 13.3% to an all-time high of \$119.22 – we have a compound annual growth rate of 17.9% since we became a public company in 2007; and
- increased our net earnings by 2.5% to \$213.7 million, which is our highest annual total net earnings since becoming a public company.

Acquisitions:

In 2014, our total assets increased by 15.3% from \$8.62 billion as of December 31, 2013 to \$9.94 billion as of December 31, 2014, primarily due to our acquisition of Torus.

- We acquired a total of \$1.3 billion in additional combined gross loss reserves through 2014 transactions. Taking into account transactions completed in both 2013 and 2014, the combined total acquired gross loss reserves were approximately \$3.9 billion.
- We made significant strides in executing our strategies at Torus, as we integrated the company, began reducing its expense base, and made other significant operational improvements that we believe position Torus for future success.
- Newly acquired Atrium began to contribute to our net earnings, delivering a solid year of performance in challenging market conditions.

After considering these achievements, as well as Company and individual performance, the Compensation Committee (the “Committee”) made the following key compensation decisions with respect to the 2014 performance year for Dominic Silvester, Paul O’Shea, Nicholas Packer, and Richard Harris (who were our four “executive officers” as of year-end):

Key Compensation Decisions:

- **Long-Term Incentive Awards** – We made long-term incentive compensation grants of cash-settled stock appreciation rights (“SARs”) to our Chief Executive Officer and Joint Chief Operating Officers during 2014 (and to our Chief Financial Officer in early 2015), which vest in full three years from the grant date. The SARs would remain exercisable for one year following vesting. These awards significantly increased the weighting of long-term compensation as a component of total pay awarded for the year, further aligning the interests of our executives and shareholders.
- **Incentive Bonuses** – We reduced incentive bonuses (by 29% for our Chief Executive Officer and on average by 33% for our other executive officers) to allocate compensation to long-term “at risk” incentive awards.
- **Base Salaries** – Base salaries, which had remained flat in 2011, 2012, and 2013, increased by 3% for calendar year 2014, largely reflecting cost of living increases.

Objectives of our Executive Compensation Program

Our Committee is responsible for establishing the philosophy and objectives of our compensation programs, designing and administering the various elements of our compensation programs and assessing the performance of our executive officers and the effectiveness of our compensation programs in achieving their objectives.

We are a rapidly growing company operating in an extremely competitive and changing industry. We believe that the skill, talent, judgment and dedication of our executive officers are critical factors affecting the long-term value of our company.

Therefore, our goal is to maintain an executive compensation program that will:

Induce performance consistent with clearly defined corporate objectives
Align our executives' long-term interests with those of our shareholders
Fairly compensate our executives
Retain and attract qualified executives who are able to contribute to our long-term success

We have specifically identified growing our net book value per share as our primary corporate objective over the long term.

<i>We believe growth in our net book value is driven primarily by growth in our net earnings, which is in turn driven in large part by:</i>		
<i>successfully completing new acquisitions</i>	<i>effectively managing companies and portfolios of business that we previously acquired</i>	<i>executing on our active underwriting strategies</i>

We also believe that the existing significant level of equity holdings of our executive officers creates alignment with our long-term interests, which the Committee takes into account in deciding what types of compensation to award, and which in recent years has resulted in a limited number of equity-based awards. During 2014, however, the Committee designed and introduced a long-term incentive component in the form of SARs. The new awards are intended to drive increases in the Company's net book value per share, which we believe will lead to an increase in the value of our Company, and, consequently, our stock price, while minimizing equity dilution.

We have not identified specific metrics or financial targets against which we measure the performance of our executive officers because we believe the structure of our 2011-2015 Annual Incentive Compensation Program (the "Annual Incentive Plan"), as described below, induces performance consistent with our corporate objectives, aligns our executives' long-term interests with those of our shareholders, and allows for flexibility to respond to performance in a manner not solely based on financial measures when circumstances warrant.

Results of Shareholder Vote on Compensation

At our 2014 annual general meeting, our shareholders approved the compensation of our executive officers with 88.7% of the total votes cast in favor of our executive compensation. The Committee reviewed and discussed the voting results and noted that the voting results were substantially the same as in 2013 when 88.4% of the total votes were cast in favor of our executive compensation. The Committee considered the continued positive shareholder reaction as a factor in making compensation decisions for 2014. It also considered its discussions with our independent

compensation consultant, its review of proxy advisory firm reports, and its own views as to how to promote shareholder alignment and achievement of long-term objectives. These factors collectively drove its decision to make a change from prior years and design a new long-term incentive component of executive compensation using cash-settled SARs.

The Committee will regularly review all aspects of our compensation program in determining the best structure to address our unique needs. We will continue to hold future shareholder votes on executive compensation on an annual basis, and the Committee will consider the outcome of our shareholder executive compensation votes each year.

Roles of Executive Officers

The Committee makes compensation determinations for all of the executive officers. As part of the determination process, Mr. Silvester, our Chief Executive Officer, assesses our overall performance and the individual contribution of each member of the executive leadership team. On an annual basis, he reviews the prior year's compensation and presents recommendations to the Committee for salary and bonus awards for each executive officer. He also makes recommendations regarding the overall size of the executive/employee bonus pool, which is 15% of our consolidated net after-tax profits unless the Committee exercises its discretion to decrease or increase the percentage. For the 2014 performance year, the Committee agreed with Mr. Silvester's recommendation and reduced the bonus pool marginally to 14.6%. Mr. Silvester was also involved in developing recommendations for the SAR awards made during the year, by working with the independent compensation consultant and the Committee to design the awards. The Committee discusses all recommendations with Mr. Silvester and then meets in executive session without Mr. Silvester present to evaluate the recommendations, review the performance of all of the executive officers, discuss Chief Executive Officer compensation, and make final compensation decisions.

Our Chief Executive Officer and Chief Financial Officer also support the Committee in its work by providing information relating to our financial results and plans, performance assessments of our executive officers, and other personnel-related data. Mr. Harris, our Chief Financial Officer, attends portions of the meetings of our Committee from time to time in connection with performing these functions.

Principal Elements of Executive Compensation

Our executive compensation program currently consists of three principal elements: base salaries, annual incentive compensation and long-term incentive compensation. Executives also receive certain other benefits, including those pursuant to their employment agreements. The table below describes the elements and the other components of our program, each of which are described in more detail later in this proxy statement.

Principal Elements	Description	Key Features
Base Salary	Provides the fixed portion of an executive's compensation that reflects scope of skills, experience and performance	<ul style="list-style-type: none"> • Provides a base component of total compensation • Established largely based on scope of responsibilities, market conditions, and individual and Company performance in the preceding year

Principal Elements	Description	Key Features
Annual Incentive Compensation	Provides “at risk” pay that reflects annual Company performance and individual performance	<ul style="list-style-type: none"> • Aligns executive and shareholder interests • Designed to reward performance consistent with our primary corporate objective, influenced in large part by net earnings for the year but with built-in flexibility to allow for consideration of other factors • With no mandated pay-out formulas, the Committee can exercise its judgment regarding the quality of both Company and individual performance and set pay appropriately in line with outcomes, strategic objectives and shareholder interests
Long-Term Incentive Compensation	<p>Provides equity-based pay, aimed at incentivizing long-term performance</p> <p>Includes SARs, which represent the right to receive an amount in cash equal to the appreciation in value of one ordinary voting share of the Company above the fair market value on the grant date</p> <p>SARs are “at risk,” with the future value dependent on the value of Enstar shares beginning three years from the grant date</p> <p>SARs are designed to incentivize executives to drive long-term growth in book value</p>	<ul style="list-style-type: none"> • Aligns executive and shareholder interests • Drives long-term performance and promotes retention • New cash-settled SARs create direct alignment of executive compensation with long-term shareholder interests. Delayed vesting (the awards do not vest for three years from the date of grant) drives a focus on long-term success • Limited period of exercisability after vesting (one year) • Long-term equity grants have historically been limited due to significant existing shareholding positions of executive team • Shareholder dilution issues are considered when making equity awards
Other Benefits and Perquisites	Includes retirement benefits, Bermudian payroll and social insurance tax contributions, rental expense in respect of family relocation, and administrative assistance	<ul style="list-style-type: none"> • Provides benefits consistent with certain local market practices in our Bermuda location in order to remain competitive in the marketplace for industry talent • Promotes retention of executive leadership team
Employment Agreements	<p>Provides certain protections for executives and their families in the event of death or long-term disability, termination, or change in control</p> <p>Change in control amounts are payable only in a “double trigger” situation where employment is terminated following a change of control</p>	<ul style="list-style-type: none"> • Provides Company with protections such as restrictive covenants (non-competition, non-solicitation, confidentiality, etc.) • Promotes retention over a multi-year term and a sense of security among the leadership team • Provides for current and future needs of the executives and their families • Consistent with competitive conditions in Bermuda

Compensation Allocations among Elements

There is no pre-established policy or target for the allocation of the components of our program, and the Committee considers all compensation components in total when evaluating and making decisions with respect to each individual component.

The structure of our Annual Incentive Plan has historically been the primary driver of what percentage of our executives' annual compensation is derived from their bonuses as opposed to their base salaries and the value of their other benefits. In 2014, we reshaped compensation allocations with the introduction of the SARs. While there are still no target percentages, we have allocated more compensation to long-term, equity-based incentives and less compensation to annual incentive plan awards, further aligning our executives and our shareholders.

The Committee also considers the value of previously granted unvested equity-based awards in determining components of current year awards. For example, Mr. Harris was not granted a SAR award in 2014 because the Committee viewed the restricted shares he previously received in 2011 (which completed vesting in February 2015) as an appropriate allocation to long-term incentive compensation during that time.

Although it does not mandate a specific allocation among the components of pay, the Committee believes that a meaningful portion of each executive's total compensation should be "at risk" and performance based, and our compensation program has traditionally reflected this principle. This year, the SAR awards significantly impacted the mix of pay reported for the 2014 year in the Summary Compensation Table, although our executives would not realize compensation from these awards, if any, until a future year because none of the awards vest until 2017 (or, for Mr. Harris, 2018). For the 2014 performance year, performance-based compensation reported in the Summary Compensation Table constituted 82% of the Chief Executive Officer's total compensation, and long-term incentives constituted 64% of his total compensation (excluding other benefits and perquisites). On average for all other executive officers, the percentages for 2014 were 82% and 56%, respectively, not including the long-term incentive award made to our Chief Financial Officer in February 2015.

Competitive Pay and Role of Compensation Consultants

The Committee has the authority under its charter to retain compensation consultants and outside legal counsel or other advisors and, before selecting a consultant or advisor, must consider its independence. During 2014, the Committee engaged an independent compensation consultant to

provide analysis of executive officer and director compensation and to review the competitiveness of our compensation for a collection of non-executive officer senior managers throughout the organization. The Committee interviewed three compensation consulting firms, and decided to engage McLagan, an Aon Hewitt Company. McLagan reports directly to the Committee and has no personal or business relationship with any Committee member or member of Company management. McLagan provides no other services to the Company. McLagan's fees for its services were \$142,600.

McLagan is a division of Aon plc, the parent company of Aon Risk Solutions, Aon Benfield and Aon Hewitt, which provided brokerage-related services to the Company (primarily in relation to Torus) of approximately \$2.8 million in 2014. These brokerage-related services are unrelated to the services provided by McLagan and collectively represented approximately 0.023% of Aon's revenue in 2014. The Compensation Committee assessed the independence of McLagan in light of applicable SEC and Nasdaq rules and reviewed responses from McLagan addressing factors related to its independence. Following this review, the Committee concluded that McLagan was independent and that its advisory services did not raise any conflicts of interest.

In making compensatory decisions with respect to the 2014 performance year, including assessing whether we were meeting our goal of providing competitive compensation, the Committee reviewed publicly available executive officer compensation information described in the periodic filings for previous years of a group of other publicly traded companies. During 2014, our Compensation Committee and CEO together worked with McLagan to review and refresh this "peer group." As a result of this process, we eliminated one peer and added five new peers. The peer group selection process was focused on four criteria: (i) industry, (ii) geography (with a significant preference for the use of Bermuda companies), (iii) total shareholders' equity primarily being within approximately 0.5 to 2.5 times of our total shareholders' equity, and (iv) total assets primarily being within approximately 0.5 to 2.5 times of our total assets.

We believe only companies in the insurance and reinsurance industries are relevant to market compensatory conditions, although we expanded our selection of companies to include not only the traditional insurance and reinsurance names but also alternative capital reinsurers, as well as one company with a dedicated run-off unit. This was done to provide diversification and also because aspects of the new companies reflect elements that are similar to certain of our operations, and also reflect companies against which we compete for talent. Publicly traded Bermuda companies (or publicly traded companies previously domiciled in Bermuda that maintain prominent Bermuda operations) are most relevant because these are the companies with respect to which Enstar generally competes for talent, and the Committee believes market conditions across other Bermuda-based companies are largely what drives executives' views as to whether they are compensated fairly and competitively.

While pay at these companies is generally relevant to provide a frame of reference to the Committee in determining executive compensation, the Committee reviewed the compensation paid by these companies for informational and overall comparison purposes only. There was no target percentile or precise position in which we aimed to fall other than to generally be competitive with the compensation we offer our executives. The Committee believes that Enstar is a unique company, which until late 2013 had always been a standalone run-off company, and which continues to have a core focus on run-off business. Given our different business and operations, we believe that formulaic benchmarking against these or other companies would not have been particularly meaningful for the 2014 year, although we will continue to evaluate our methodologies and views in future years.

The companies reviewed to provide an overall backdrop to the Committee’s decisions were as follows:

Allied World Assurance Company Holdings	Arch Capital Group	Argo Group International Holdings	Aspen Insurance Holdings	AXIS Capital Holdings
Endurance Specialty Holdings	Everest Re Group	Greenlight Capital Re	Maiden Holdings	Montpelier Re Holdings
OneBeacon Insurance Group	Platinum Underwriters Holdings	RenaissanceRe Holdings	Third Point Reinsurance	Validus Holdings

Base Salaries

The salaries of our Chief Executive Officer and our other executive officers are generally established based on the scope of the executives’ responsibilities, taking into account what the Committee believes to be competitive market compensation for similar positions based on publicly available information available to the Committee. Our goal is to provide base salary levels that are consistent with levels necessary to achieve our compensation objectives of fairly compensating our executives and retaining and attracting qualified executives who are able to contribute to our long-term success. Given the competitive market for highly qualified employees in our industry and our geographic location, we believe that below-market compensation could, in the long run, jeopardize our ability to retain our executive officers.

Any base salary adjustments are generally based on competitive conditions, market increases in salaries, individual performance, our overall financial results and performance, estimates of the cost of living and changes in job duties and responsibilities. Pursuant to the employment agreements we have with our Chief Executive Officer and our other executive officers, once increased, the executive officer’s annual salary cannot be decreased without his written consent. The employment agreements also provide for annual cost-of-living increases, although this did not occur in years such as 2011, 2012, and 2013 when our Chief Executive Officer did not recommend base salary increases (and our Compensation Committee agreed with those recommendations).

Executive base salaries had remained the same in 2011, 2012, and 2013, as the Committee believed the salary levels were appropriately in line with competitive practice and furthered the enterprise-wide focus on managing expenses. The Committee increased 2014 executive base salaries by 3%. The Committee felt an increase was appropriate to reflect its view of cost-of-living adjustments (in particular because salaries had not changed since 2011) and was supported by competitive conditions, as well as very strong Company and individual performance. For 2015, the Committee decided that a further 3% base salary increase was warranted, based on its view of cost-of-living adjustments and Company and individual performance.

A summary of the recent annualized base salary levels for our executive officers is set forth below.

Annual Incentive Compensation

Operation of Annual Incentive Plan

We provide performance-based incentive compensation through our Annual Incentive Plan, which sets aside 15% of our consolidated net after-tax profits (before bonus expense) to be allocated among our executive officers and Enstar staff.

The Annual Incentive Plan is designed to reward performance that is consistent with our primary corporate objective of increasing our net book value per share over the long term through growth in our net earnings. The percentage of net after-tax profits comprising the bonus pool will be 15% unless the Committee exercises its discretion to decrease or increase the percentage. The Committee, in accordance with the Chief Executive Officer's recommendation, elected to reduce the size of the 2014 bonus pool marginally from 15% of net after-tax profits accrued under the terms of the Plan to 14.6% of net after-tax profits. The Chief Executive Officer's recommendation to reduce the size of the bonus pool was based on his review of the proposed annual incentive awards to employees on an individual and collective basis, and his determination that although the proposed awards did not constitute the full amount of the accrued bonus pool, they remained appropriately in line with Company and individual performance, and achieved the compensation program goals of rewarding performance with fair compensation. The Committee agreed with the Chief Executive Officer's recommendations. Accordingly, the overall bonus pool was reduced by \$1.8 million to \$36.5 million.

The allocation of the Annual Incentive Plan pool among our executive officers and the other participants in the plan is the responsibility of the Committee and is based on individual performance and contribution to Company results, as determined by the Committee with significant input from our Chief Executive Officer.

After each year, our Chief Executive Officer assesses our enterprise results and achievements and the contribution of each member of our executive team and makes a recommendation to the Committee as to the allocation of the bonus pool. While the bonus pool is quantified as a percentage of our net after-tax profits, there are no quantitative performance objectives for the recommendation as to individual allocations, nor are specific goals or targets for the executive team established in advance. With no pre-set formulas dictating threshold payouts, the Committee has the flexibility to consider both quantitative and qualitative factors of performance, and set pay appropriately in line with its view of outcomes, strategic objectives, and alignment with shareholder interests. The Committee believes this

approach is appropriate given our unique business, which has a core focus of acquiring and managing companies in run-off. The Committee believes this flexibility will also be useful as the Company evolves, because our business now includes active underwriting businesses, which operate differently than our traditional business and require development in order to provide future benefits and profitability. Although there are no caps to our annual incentive discretionary awards, there are similarly no minimum thresholds or guarantees.

The factors considered in evaluating individual performance are the executive's contribution to our operating results, including the performance of the areas over which each executive has primary responsibility, and the executive's work towards achieving our long-term strategic goals. The allocations are discretionary and driven by the opinion of both the Chief Executive Officer and the Committee as to how each executive officer and the Company performed when looking back on the year.

2014 Incentive Compensation

For the 2014 performance year, the Committee assessed enterprise results together with each individual's contribution during the year in making bonus decisions under the Annual Incentive Plan. A significant driver of the 2014 bonus decisions was the implementation of the SARs program, under which our executives were granted the long-term incentive awards described in "Long-Term Incentive Compensation — SAR Awards" below.

Primarily because of the Committee's decision to allocate more compensation to long-term, equity-based incentives and less to annual incentives, the Annual Incentive Plan bonuses were decreased versus 2013 – for the Chief Executive Officer, by \$900,000, or 29.0%, for the Joint Chief Operating Officers, by \$900,000, or 33.9%, and for the Chief Financial Officer, by \$750,000, or 31.9%. Although the Annual Incentive Plan awards were decreased versus 2013, the Committee viewed the Company's financial and operational results as strong, consistent and demonstrative of the execution of our business strategies as we began to build out our active underwriting operations.

On a Company-wide basis, the key factors evaluated were as follows:

- We increased our fully diluted net book value per share, which we have identified as our primary corporate objective, by 13.3% to an all-time high of \$119.22 per share.
- Net earnings attributable to Enstar increased from \$208.6 million in 2013 to an all-time high of \$213.7 million in 2014.
- While the 2.5% increase in net earnings was not substantial, it reflected continued high quality performance in the non-life run-off segment (which accounted for \$203.3 million in net earnings in 2014 as compared to \$199.9 million in 2013), as well as the delivery of strong performance from our Atrium segment (with a contribution of \$10.4 million to net earnings in our first full year of ownership) and a steady \$10.6 million contribution from the life and annuities segment.
- We successfully partnered with the Trident V funds to complete the acquisition of Torus, an A-rated global specialty insurer, which became our largest active underwriting business following the closing of the transaction on April 1, 2014. The Torus acquisition added approximately \$2.5 billion in assets and approximately \$1.3 billion in gross loss reserves (with approximately \$0.6 billion in non-life run-off reserves).

- While fully diluted earnings per share decreased from \$12.49 in 2013 to \$11.44 in 2014, we issued 1,898,326 voting and 714,015 non-voting ordinary shares as part of the Torus purchase price, which led to an increased number of shares outstanding in 2014. Despite the impact on earnings per share in 2014, we believe the acquisition will be accretive to us in the long term, and we have taken significant steps in 2014 in furtherance of these longer-term objectives.
- We completed 98 commutations and policy buy-backs of assumed and ceded exposures (including the partial commutation of two of our top ten assumed exposures and two of our top ten ceded recoverables as at January 1, 2014).
- We continued to see advancements in our workers compensation claim management capabilities, which we enhanced following the SeaBright Holdings, Inc. transaction in 2013, and which we have continued to develop and expand during 2014.
- In our non-life run-off segment, we negotiated and signed an agreement in August 2014 to acquire Companion Property and Casualty Company from Blue Cross Blue Shield of South Carolina, and we closed the transaction in January 2015. The Companion acquisition has added approximately \$1.3 billion in non-life reserves and approximately \$1.6 billion in assets and demonstrates continued growth of our core business in the U.S.
- We realized profitable results from our first full year of owning an interest in Atrium, a transaction completed in late 2013. Atrium's solid performance in a year of challenging industry conditions demonstrates the excellence of the Atrium team and its operations.
- We significantly enhanced our capital resources by achieving investment grade credit ratings, increasing our borrowing capacity under our revolving credit facility (first from \$375 million to \$500 million and more recently from \$500 million to \$665 million by bringing Lloyd's Bank into the lending syndicate), negotiating a release of all previous revolver security pledges, and utilizing new acquisition-specific financing for our Companion transaction, all of which has provided us with significant capital resources to support our growth.
- We made significant progress in re-engineering Torus in a short amount of time following acquisition, including by driving a focus on historically well-performing core business lines, exiting underperforming lines, and managing operating expenses. Attractive business previously written by SeaBright and Companion is now being written through Torus, and other growth opportunities related to the Enstar acquisition pipeline are emerging.

On an individual basis, several of the factors considered in assessing our executives' performance are described below. These factors formed the basis of Mr. Silvester's recommendations to the Committee, as well as the Committee's determinations following its review of his recommendations.

For Mr. Silvester, who as Chief Executive Officer has oversight responsibility for all areas of our business, the Committee considered his leadership in achieving each of the enterprise-wide results described above. The Committee also considered his work in establishing and executing on our growth strategies and evolving our business while continuing to achieve strong financial results. In particular, under his leadership, our entrance into the active insurance business has achieved successful beginnings with a very solid year of performance from Atrium. Significant progress has been made at Torus to lay the groundwork for it to become a successful business, and we began to see business

renewal opportunities for Torus alongside Enstar run-off transactions. He continued to execute our U.S. non-life run-off growth with the acquisition of Companion and once again oversaw successful results from our core non-life run-off operations. The Committee also recognized his efforts in working to create future opportunities and positioning the organization for long-term success. In addition, the Committee considered the excellent performance of each of the executives reporting to him, as well as his recruitment and hiring of several top senior managers and development of internal talent, which we expect to support and drive our growing organization.

Mr. O'Shea, our Joint Chief Operating Officer and Executive Vice President, has responsibility for our acquisitions function and contributes to many other aspects of our operations. For 2014, the Committee considered that Mr. O'Shea was instrumental in all aspects of the negotiation and completion of the Torus and Companion acquisitions, which collectively have added approximately \$2.5 billion of total assumed loss reserves to our balance sheet. The Committee also considered Mr. O'Shea's efforts in our completion of loss portfolio transfer and Lloyd's reinsurance to close transactions in the year. The Committee recognized his many contributions to the Torus and Companion integration and transition efforts, his significant role in working with our active underwriting businesses and our joint venture partners, and his involvement in our relationships with regulators on a global basis, as well as our relationship and communications with A.M. Best. In addition, Mr. O'Shea coordinates the ongoing due diligence of all of our potential acquisitions and new projects, which the Committee believes is key to executing our strategy for continued growth.

Mr. Packer, also a Joint Chief Operating Officer and Executive Vice President, has global responsibility for our insurance and reinsurance company operations, including oversight of claims management, commutation and policy buy-back activities, and our ceded reinsurance function. In May 2014, he was named Executive Chairman and Chief Executive Officer of Torus, and has been instrumental in leading Torus throughout the transition period following the acquisition. The Committee considered Mr. Packer's significant efforts with respect to progress at Torus during 2014 and the steps taken since the acquisition that are expected to benefit us over the long term. The Committee also considered his continued successful oversight of non-life run-off commutations, as we completed 98 commutations and policy buy-backs of assumed and ceded exposures (including the partial commutation in 2014 of two of our top ten assumed exposures and two of our top ten ceded recoverables as at January 1, 2014). In addition, the Committee recognized our claims management successes, as Mr. Packer oversaw continued development and growth of the claims management team from SeaBright in support of our growing U.S. workers' compensation portfolio.

Mr. Harris, our Chief Financial Officer, has responsibility for our corporate finance and accounting, actuarial and reserving, financial planning, global tax and investor relations functions, as well as operational oversight of our risk management department. He is also a member of our Investment Committee with operational oversight of our investment function. The Committee recognized Mr. Harris' significant work in integrating Torus into our public company reporting framework and overseeing its control environment preparedness, as well as providing continued corporate finance and accounting support across our complex organization. Leading our capital planning efforts, Mr. Harris worked with Standard and Poor's and Fitch to commence our participation in their interactive credit rating agency processes, and during 2014 we received investment grade credit ratings from these two agencies. He also headed negotiations with our lenders for a significant increase to our revolving credit facility from \$375 million to \$500 million in September 2014, the release of all security previously pledged thereunder, and the acquisition-specific financing for the Companion transaction. In February 2015, he successfully introduced Lloyd's Bank into the lending syndicate and increased our total revolver borrowing capacity to \$665 million. The Committee also recognized his work supporting the functioning of our Board of Directors and managing investor relations.

After considering all of these factors, the Committee decided to award bonuses under the Annual Incentive Plan for 2014 in the amounts set forth in the table below. This reflected the Committee's view of the executive officers' individual and collective contributions to our primary corporate objective of increasing net book value per share, including by achieving strong net earnings in 2014 and by positioning the Company for future success by executing on key strategic objectives designed to increase net book value over the long term. In establishing each executive officer's incentive award, the Committee took into account the SAR awards granted to Messrs. Silvester, O'Shea and Packer in August 2014, and the SAR award granted to Mr. Harris in February 2015 (which will not be reported in the Summary Compensation Table until next year). This had the effect of decreasing total annual incentive bonuses versus the 2013 amounts. The Committee also generally evaluated each officer's compensation against his counterparts at our peer companies for total compensation and relative company performance, and arrived at individual bonuses that it believed, when combined with the other elements of compensation awarded, appropriately reflected performance in light of competitive conditions.

As discussed under "Long-Term Incentive Compensation," the Committee decided, as it had in the past, to permit our executive officers to choose whether to receive their 2014 bonuses under the Annual Incentive Plan in cash, ordinary shares, or a combination of both. For the year ended December 31, 2014, each recipient elected to receive his bonus in cash.

Long-Term Incentive Compensation

We have established the 2006 Equity Incentive Plan (the "Equity Incentive Plan") to provide our employees long-term incentive compensation in the form of share ownership, which we believe furthers our objective of aligning the interests of management and the other participants in the plan with the interests of our shareholders. The Equity Incentive Plan is administered by the Committee. The Equity Incentive Plan provides the Committee with the flexibility to make awards at various times and in varying amounts in its discretion and where particular circumstances warrant. In considering whether to make long-term equity-based compensatory awards and how to design them, the Committee takes into account shareholder dilution issues and related concerns. Shares available for issuance under the Equity Incentive Plan can also be used for the purpose of granting bonus shares, which may be issued in lieu of all or a portion of the cash bonus payments under the Annual Incentive Plan.

SAR Awards

During 2014, the Committee reshaped the compensation program by designing and introducing SARs in order to provide an additional element of "at-risk" performance-based compensation that

promotes achievement of long-term Company success. As a result of adding this new component to the compensation program, the Committee reduced annual incentive compensation for the year. The Committee's work with the independent compensation consultant in reviewing the prevalence of long-term incentive practices at our peer companies was also a factor in this decision.

In designing these awards, the Committee sought to incentivize our executives to increase our book value per share, which we believe will lead to an increase in the value of our Company and, consequently, our stock price. The value of awards is tied directly to increases in our stock price, which closely aligns the interests of the executives with those of our shareholders. In 2013 and 2014, we began to build our active underwriting operations by acquiring Atrium and Torus. We believe our expanded business model will provide greater opportunities for us to grow and prosper. Developing and optimizing these capabilities, in particular through our development and integration of Torus, requires time and effort in the short-term to establish the foundation for longer-term results and success. This contributed to the Committee's decision to establish a delayed vesting period of three years from the grant date, which is designed to further motivate our executives to achieve and realize our objectives over a reasonable time frame.

Noting the existing shareholdings of our executive officers and the Committee's desire to minimize equity dilution, the Committee determined that the awards should only be able to be settled in cash, based on any appreciation in our stock price at the time of exercise. It also decided to use a limited period of exercisability of one year following vesting in order to (i) incentivize the executives to generate meaningful returns from our active underwriting strategies within the next few years and (ii) establish a limited window for realization, rather than allowing unexercised awards to span across many years.

The table below summarizes the executive SAR awards granted.

Name	SARs Grant Date	Number of SARs	Date of Scheduled Vesting	Exercise Price per SAR ⁽¹⁾	Exercisability Period after Vesting
Dominic F. Silvester	August 13, 2014	250,000	August 13, 2017	\$141.10	One year
Paul J. O'Shea	August 13, 2014	183,333	August 13, 2017	\$141.10	One year
Nicholas A. Packer	August 13, 2014	183,333	August 13, 2017	\$141.10	One year
Richard J. Harris	March 4, 2015	150,000	March 4, 2018	\$138.97	One year

Alignment of Pay and Performance

Our executive compensation program links compensation to Company and individual performance over both the short- and long-term. We believe the structure of our Annual Incentive Plan and the decisions of our Committee with respect to bonus awards are strongly aligned with our primary corporate objective of increasing net book value per share, which is our key performance indicator, and net earnings attributable to Enstar. The plan also allows the Committee the flexibility to award bonuses based on its view of performance, including qualitative factors that may not always be reflected in the operating results, or that benefit our long-term objectives but may not be fully apparent when looking at a one-year period.

Although the full grant date fair value of our executive SAR awards is reported as 2014 compensation, the Committee believes the awards are designed to pay for performance across a multi-year period. Executives would realize value from the awards, if any, only in the year following the completion of the three-year vesting period. The Committee believes that tying the value of the awards directly to the Company's stock price provides true alignment with an investor's view of our performance over this time.

Other Benefits and Perquisites

We provide certain additional benefits in furtherance of our objective of retaining and attracting key talent to our Bermuda headquarters. Our executive officers participate in the same group insurance and employee benefit plans, including medical and dental insurance, long-term disability insurance and life insurance, on the same basis as our other Bermuda salaried employees. We pay the employee's share of Bermudian government payroll and social insurance taxes for all of our Bermuda employees, including our executive officers, which we believe is common practice at other Bermuda-based public companies. Our executive officers also receive payment in lieu of a retirement benefit contribution, as described below under "Retirement Benefits." Because our business is global but our headquarters are in Bermuda, many of our executives have relocated from their home countries, which results in them maintaining a second residence or having to travel to see family who may be in a different location, and we may provide reimbursements to help defray certain costs. During 2014, we reimbursed Mr. Silvester for rental expenses related to the relocation of his family to be with him in Bermuda. We also provide Mr. Silvester with certain financial, accounting and administrative services.

Executive Employment Agreements

Compensation of our executive officers is governed in part by the employment agreements we have in place with each of Messrs. Silvester, O'Shea, Packer, and Harris. The employment agreements originated with our 2007 merger with The Enstar Group, Inc. The agreements were a key part of the transaction, in recognition of the significance of securing the executive team for a number of years, which was deemed fundamental to our success following the merger. The agreements were also designed to continue to motivate the executives by providing competitive compensation, while promoting a sense of security for the team as we entered into our next stage. Executive employment agreements were and continue to be common features in many of our peers' compensation programs.

As the initial five-year term of the 2007 employment agreements came to an end in the early part of 2012, the Committee re-assessed the agreements, and decided to ask each executive to agree to an extension for an additional five-year term. In reviewing the original objectives of the contracts, the Committee determined that the management team, which consists of our three co-founders and the Chief Financial Officer (who has served in that role with us since 2003), remains essential to our success, as demonstrated by the substantial growth and success of the Company since 2007. The Committee believed that securing the executive leadership team for an additional five-year term, and re-establishing protective covenants for us regarding non-competition, non-solicitation, and confidentiality, were of key importance to us. In addition, it was the Committee's judgment that renewing the agreements would continue to motivate the executives and promote their sustained level of high performance, and further was in line with the overall objectives of our executive compensation programs. In August 2014, in light of the Company's long-term goals and strategic objectives, the Committee looked to further secure the executive team by extending the terms of the current contracts an additional year. Following these extensions, the agreements are scheduled to expire December 31, 2017. See "Executive Compensation Tables — Employment Agreements with Executive Officers" below for a summary of these employment agreements.

Post-Termination Payments

Our employment agreements with Messrs. Silvester, O'Shea, Packer and Harris each provide for certain benefits in the event of a change in control followed by termination of the executive's employment for specified reasons (referred to as a "double trigger"), including a cash payment, accelerated vesting of equity awards, family medical benefits, and, in certain circumstances, payment of incentive bonus. We believe these benefits are common features in many of our peers' compensation programs. See "Executive Compensation Tables — Employment Agreements with

Executive Officers” below for a summary of these employment agreements. The terms of each employment agreement reflect arm’s length negotiations between us and the executive officer.

Separately from our employment agreements and equally applicable to any employee participant, our Equity Incentive Plan and Annual Incentive Plan provide that plan participants receive certain vesting benefits upon a change in control, unless determined otherwise by the Committee. These benefits are described below in “Executive Compensation Tables — Potential Payments upon Termination or Change in Control.”

Other Matters

Hedging Prohibition and Share Ownership Guidelines

Under our Code of Conduct, our employees, officers, and directors are prohibited from engaging in any hedging or monetization transactions involving our securities, such as zero-cost collars and forward sale contracts, and are also prohibited from trading in derivatives in our securities, such as exchange-traded put or call options and forward transactions.

We currently do not require our executive officers to own a particular amount of our ordinary shares. The Committee is satisfied that the substantial equity holdings of each of our executive officers are sufficient at this time to provide motivation and to align this group’s interests with the interests of our shareholders without formal share ownership guidelines. Our executive officers beneficially own in aggregate over 11% of our ordinary shares outstanding, and each individual executive beneficially owns shares with a fair market value in excess of several multiples of his base salary.

Financial Restatements/Disgorgements

The Committee has not adopted a policy with respect to whether we will make retroactive adjustments to any cash- or equity-based incentive compensation paid to executive officers (or others) where the payment was predicated upon the achievement of financial results that were subsequently the subject of a restatement, although, as a publicly traded company, the mandates of the Sarbanes-Oxley Act requiring clawback of compensation under specified circumstances would apply to us. Our Committee believes that this issue is best addressed if the need actually arises, when all of the facts regarding the restatement are known. Once final rules are released regarding clawback requirements under the Dodd-Frank Act, we intend to consider adoption of responsive policies.

Our Equity Incentive Plan provides that the Committee has the authority to require disgorgement of any profit, gain or other benefit received in respect of restricted shares and options for a period of up to 12 months prior to the grantee’s termination for cause.

Tax and Accounting Treatment of Compensation

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that we may deduct from our U.S. source income in any one year with respect to certain of our executive officers. As a Bermuda-based company with limited U.S. source income, this limitation has not historically impacted our decisions regarding executive compensation.

We account for equity compensation paid to our employees based on the guidance of the Share-Based Payment topic of the Financial Accounting Standards Board Accounting Standards Codification, which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued.

Compensation Risk Assessment

As part of our risk management practices, the Committee reviews and considers risk implications and incentives created by our executive compensation program and our compensation policies and practices for the Company as a whole. At the Committee's direction, representatives from our risk management and legal departments conducted a risk assessment of our compensation policies and practices for executives and all employees, which was discussed and reviewed by the Committee. Through this review, the Committee has concluded that our compensation program does not create risks that are reasonably likely to have a material adverse effect on us.

In connection with this assessment, the following factors were noted:

- With respect to executive officer compensation, the Committee has discretion in making bonus awards and other compensatory decisions based on both quantitative and qualitative factors and is not tied into pre-established pay-out formulas that may not account for a subjective view of performance (thus taking risks to achieve a certain level of financial results is not incentivized). While there are no maximum limits, there are similarly no minimum threshold payouts or guarantees.
- Each executive has meaningful equity holdings, creating alignment between the executives' interests and our long-term objectives, which discourages inappropriate or excessive short-term risks.
- The Company has a robust enterprise risk management framework.
- The Committee believes that the bonus structure addresses current market conditions because the measure of net after-tax profits encompasses all aspects of our performance, including, among many other factors, market-sensitive areas such as the performance of our investment portfolio.
- Because the bonus pool is funded annually based on a percentage of net after-tax profits, employees are not incentivized to take inappropriate or excessive risks in any particular year to the detriment of our long-term success, as doing so would negatively affect the amount of the bonus payments in future years. Executives and employees with long-term incentive compensation awards are similarly incentivized not to take excessive short-term risks that jeopardize long-term Company value.
- The Committee believes that the executive team, which together has led us for over a decade, has driven an enterprise-wide culture that has historically stressed that only appropriate risks should be undertaken and has instilled a level of discipline across the business.
- Employees are made aware of the design of the Annual Incentive Plan and its discretionary and non-guaranteed nature.
- We have a "no hedging" policy, and employees are prohibited from trading in derivatives of our securities.

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based on its review and discussions, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2014.

- (1) The amount reported reflects the grant date fair value of cash-settled SARs of \$30.79 per SAR calculated using the Black-Scholes option-pricing model. The assumptions used in calculating these amounts are incorporated by reference to Note 16 to our Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014. The amounts reported do not reflect our accounting expense for these awards during the fiscal year and may not represent the amounts that our executives will actually realize from the awards. For Messrs. Silvester, O’Shea and Packer, the amounts reported are based on 250,000, 183,333, and 183,333 cash-settled SARs, respectively, granted on August 13, 2014 with an exercise price of \$141.10.
- (2) Represents amounts attributable to Mr. Silvester for personal financial, accounting and administrative matters (\$281,814), certain rental expenses related to his family’s relocation to Bermuda (\$64,750), payment in respect of retirement benefit contribution (\$216,506) (which is a benefit we provide to all of our Bermuda-based employees) and payment of his share of Bermudian payroll and social insurance tax (\$37,256) (which is a benefit we provide to all of our Bermuda-based employees).
- (3) Represents cash payment in respect of retirement benefit contribution (\$118,656) (which is a benefit we provide to all of our Bermuda-based employees) and payment of the employee’s share of Bermudian payroll and social insurance tax (\$37,256) (which is a benefit we provide to all of our Bermuda-based employees).

Realized Pay for 2014

The vast majority of pay reported for this year in the Summary Compensation Table on page 48 relates to the executive SAR awards implemented in 2014. We are required to report the grant date fair value of the SARs in the Summary Compensation Table, even though the ability of our executives to realize value from these awards is contingent on our future performance. None of the awards are scheduled to vest until the third anniversary of the grant date. Thereafter, our executives would have one year to exercise the SARs before they expire. Our stock price must have appreciated by the exercise date for any value to be realized from these SARs.

The bar chart below compares the amount of compensation reported in the Summary Compensation Table to the amount of compensation that our executives realized for the year.

Employment Agreements with Executive Officers

We have employment agreements with Messrs. Silvester, O'Shea, Packer and Harris, originally effective as of May 1, 2007. In April 2012, we and Messrs. Silvester, O'Shea, Packer and Harris agreed to extend the employment agreements for additional five-year terms ending December 31, 2016, and in August 2014, each agreed to extend the employment agreements for an additional year. The employment agreement terms end on December 31, 2017.

The material terms of each of the employment agreements are substantially the same, except as otherwise noted below. Under the employment agreements, the executives are each entitled to an annual base salary (which is set forth in the Summary Compensation Table above) and are eligible for incentive compensation under our incentive compensation programs. The employment agreements also provide that an increase in an executive officer's base salary with respect to each subsequent year may not be less than the product of the executive officer's base salary multiplied by the annual percentage increase in the retail price index for the United States, as reported in the most recent report of the U.S. Department of Labor for the preceding year. Our executives waived the formulaic calculations of cost-of-living increases to their respective base salaries for 2014, although the Committee considered its own views on whether to increase base salaries as described above in "Compensation Discussion and Analysis — Base Salaries."

The executives are also entitled to certain employee benefits, including (i) life insurance benefits in the amount of five times base salary, (ii) medical and dental insurance for the executive, his spouse and any dependents, (iii) long-term disability insurance, and (iv) payment of an amount equal to 10% of the executive's base salary each year in lieu of a retirement benefit contribution. For Messrs. Silvester and Packer, the agreements also provide reimbursement for one family trip to/from Bermuda each year, if taken. The amount of these benefits paid to the executives for the years ended December 31, 2014, 2013 and 2012 is reflected in the "All Other Compensation" column of the Summary Compensation Table above.

The employment agreements also provide for certain "double trigger" benefits upon termination of employment for various reasons, as described below in the section entitled "Potential Payments upon Termination or Change in Control."

In addition, each employment agreement provides the Company with certain protections in the form of restrictive covenants, including that if the executive fails to remain employed through the current term, he has agreed not to compete with us for an 18-month period following the date employment ceases (except in the event his employment is terminated by us "without cause" or by the executive with "good reason"). The agreements also include restrictive covenants regarding non-solicitation, confidentiality, and non-disparagement.

After the current term ends, each agreement renews for additional one-year periods unless either party gives 120 days' prior written notice to terminate the agreement.

Equity Incentive Plan

We maintain the Equity Incentive Plan, which provides that awards may be granted to participants in any of the following forms, subject to such terms, conditions and provisions as the Compensation Committee may provide: incentive stock options, nonqualified stock options, performance shares, performance share units, SARs, restricted shares, restricted share units, bonus shares and dividend equivalents.

The maximum aggregate number of ordinary shares subject to each of the following types of equity awards granted to an employee during any year under the plan is 120,000 shares: options, equity-settled SARs, performance shares, performance share units and bonus shares. Awards that may only be settled in cash awards, such as cash-settled SARs, are not subject to this maximum limit. The Compensation Committee has broad authority to administer the plan, including the authority to select plan participants, determine when awards will be made, determine the type and amount of awards, determine any limitations, restrictions or conditions applicable to each award, and determine the terms of any agreement or other document that evidences an award.

Enstar Group Limited 2011-2015 Annual Incentive Compensation Program

The Annual Incentive Plan was adopted by the Board in 2011 to replace the substantially similar 2006-2010 Annual Incentive Program. The purpose of the plan, which is administered by the Compensation Committee, is to motivate certain officers, directors and employees of the Company and its subsidiaries to grow our profitability, which we believe primarily drives growth in our net book value in furtherance of our primary corporate objective. The Annual Incentive Plan provides for the grant of annual bonus compensation (a “bonus award”) to certain officers and employees of the Company and its subsidiaries, including our executive officers.

The aggregate amount available for bonus awards for each year through 2015 is determined by the Compensation Committee based on a percentage of our consolidated net after-tax profits (before bonus expense). The percentage will be 15% unless the Compensation Committee exercises its discretion to decrease or increase the percentage no later than 30 days after the last day of the year. The Compensation Committee determines, at its sole discretion, the amount of the bonus award paid to each participant. For the year ended December 31, 2014, the Committee, agreeing with the recommendation of our Chief Executive Officer, decided to reduce the percentage to 14.6%. The Chief Executive Officer’s recommendation to reduce the size of the bonus pool was based on his review of the proposed annual incentive awards to employees on an individual and collective basis, and his determination that although the proposed awards did not constitute the full amount of the accrued bonus pool, they remained appropriately in line with Company and individual performances, and achieved the compensation program goals of rewarding performance with fair compensation. The overall executive/employee bonus pool was \$36.5 million for 2014.

Bonus awards are payable in cash, ordinary shares or a combination of both. Ordinary shares issued in connection with a bonus award will be issued pursuant to the terms and subject to the conditions of the Equity Incentive Plan.

Retirement Benefits

We maintain retirement plans and programs for our employees in Bermuda, Australia, the United Kingdom and the United States. On an annual basis, our Bermuda employees including each of Messrs. Silvester, O’Shea, Packer and Harris, receive an amount equal to 10% of their base salaries in respect of a retirement benefit contribution. The amounts paid to Messrs. Silvester, O’Shea, Packer and Harris are included in the amounts shown in the “All Other Compensation” column of the Summary Compensation Table above.

Additional Benefits

Amounts for other benefits included in the “All Other Compensation” column of the Summary Compensation Table are described in “Compensation Discussion and Analysis — Other Benefits and Perquisites.”

Potential Payments upon Termination or Change in Control

This section describes payments that would be made to our executive officers following termination of employment or upon a change in control of the Company. In the first part of this section, we describe benefits under employment agreements and general plans that apply to any executive officer participating in those plans. We then provide estimated amounts of benefits assuming the occurrence of certain hypothetical events as of December 31, 2014.

Executive Officer Employment Agreements

The executive officers are entitled to certain benefits under their employment agreements upon termination of their employment. Upon termination for any reason, each is entitled to any salary, bonuses, expense reimbursement and similar amounts earned but not yet paid.

Under the employment agreements, “cause” means: (i) fraud or dishonesty in connection with the executive’s employment that results in a material injury to us, (ii) the executive officer’s conviction of any felony or crime involving fraud or misrepresentation, (iii) a specific material and continuing failure of the executive officer to perform his duties following written notice and failure by the executive officer to cure such failure within 30 days, or (iv) a specific material and continuing failure of the executive officer to follow reasonable instructions of the Board following written notice and failure by the executive officer to cure such failure within 30 days.

Under the employment agreements, without “good reason” means resigning in circumstances other than: (i) a material breach by us of our obligations under the agreement following written notice and failure by us to cure such breach within 30 days, (ii) the relocation of the executive officer’s principal business office outside of Bermuda without his consent, or (iii) any material reduction in the executive officer’s duties or authority.

Termination for “Cause” or Voluntary Termination without “Good Reason.” If we terminate the employment agreement of an executive officer for “cause,” or if an executive officer voluntarily terminates his employment agreement with us without “good reason,” we will not be obligated to make any payments to the executive officer other than amounts that have been fully earned by, but not yet paid to, the executive officer.

Termination “without Cause” or Termination with “Good Reason.” The executive officer is entitled to the benefits described below if: (i) we terminate the executive officer’s employment “without cause” or (ii) the executive officer terminates his employment with “good reason”:

- any amounts (including salary, bonuses, expense reimbursement, etc.) that have been fully earned by, but not yet paid to, the executive officer as of the date of termination;
- a lump sum amount equal to three times the executive officer’s annual base salary;
- continued medical benefits coverage for the executive officer, his spouse and dependents at our expense for 36 months;
- vesting of each outstanding unvested equity incentive award, if any, granted to the executive officer before, on or within three years of the effective date of the employment agreement; and
- for the year in which the executive officer’s employment terminates, provided that we achieve any performance goals established in accordance with any incentive plan in which the executive officer participates, an amount equal to the bonus that the executive officer would have received had he been employed by us for the full year (an “Incentive Plan Payment”). Because we currently do not tie incentive plan payments to a specific performance target, any Incentive Plan Payment would be made at the discretion of the Compensation Committee taking into account the executive officer’s performance while employed by the Company.

Termination following a Change in Control. The employment agreements are “double trigger” in nature, meaning that in the event of a change in control as defined in the employment agreements, the executive officer is entitled to the prescribed employment agreement benefits only following termination of employment. Termination of employment must be either: (i) termination by us “without cause” or (ii) termination by executive *only with “good reason”*. The termination must also occur within one year of a change in control. If these conditions are met, the executive would be entitled to the same benefits described above under “Termination without Cause/Termination with Good Reason” (although each outstanding unvested equity incentive award would vest irrespective of the time since the date of grant).

If the executive ends his employment following a change in control without “good reason,” the executive would receive only earned but unpaid compensation as of the termination date under his employment agreement.

Death of Executive. In the event of an executive officer’s death, his employment agreement automatically terminates, and his designated beneficiary or legal representatives are entitled to:

- a lump sum payment equal to five times the executive officer’s annual base salary in effect at the time of his death, pursuant to life insurance benefits we maintain;
- an Incentive Plan Payment reduced on a pro rata basis to reflect the amount of calendar days during the year that he was employed (a “Pro Rata Incentive Plan Payment”); and
- continued medical benefits coverage under the employment agreement for the executive officer’s spouse and dependents for a period of 36 months following his death.

Disability of Executive. Either the executive officer or we may terminate his employment agreement if the executive officer becomes disabled, by providing 30 days’ prior written notice to the other party. Under the executive officers’ employment agreements, disability means the executive officer has been materially unable to perform his duties for any reason for 120 days during any period of 150 consecutive days. If the executive officer’s employment ends because of disability, then he is entitled to:

- any amounts (including salary, bonuses, expense reimbursement, etc.) that have been fully earned by, but not yet paid to, the executive officer as of the date of such termination;
- his base salary for a period of 36 months (with base salary payments being offset by any payments to the executive officer under disability insurance policies paid for by us);
- a Pro Rata Incentive Plan Payment; and
- continued medical benefits coverage for the executive officer, his spouse and dependents at our expense for 36 months.

Equity Incentive Plan

Under the Equity Incentive Plan, upon the occurrence of a change in control as defined in the plan: (i) forfeiture provisions and transfer restrictions with respect to restricted shares and restricted share units would immediately lapse; (ii) each option and SAR then outstanding would become immediately exercisable, and would remain exercisable throughout its entire term, unless exercised, cashed out or replaced; and (iii) any target performance goals or payout opportunities attainable under all outstanding awards of performance-based restricted stock, performance units and performance shares would be deemed to have been fully attained.

Forfeiture provisions and transfer restrictions with respect to restricted shares granted under the Equity Incentive Plan generally lapse upon a participant’s death or disability. Upon any other termination of employment, any unvested restricted shares or options are forfeited immediately. In addition, the Compensation Committee may require a grantee of restricted shares to disgorge any profit, gain or other benefit received in respect of the lapse of restrictions on any prior grant of restricted shares for a period of up to 12 months prior to grantee’s termination for cause. The disgorgement authority applicable to restricted shares would also apply to stock options. The vesting of any outstanding stock options would accelerate upon retirement, death or disability.

Annual Incentive Plan

Under the Annual Incentive Plan, a change in control would accelerate payment of bonuses by changing the measurement period to determine bonuses from the calendar year to a period that begins on the first day of the calendar year and ends on the date of the change in control.

- (1) Upon termination, the executive officer would be entitled only to amounts (including salary, bonus, expense reimbursement, etc.) that have been fully earned but not yet paid on the date of termination.
- (2) Pursuant to the “double trigger” nature of the executive officer employment agreements, any executive officer terminated without cause or resigning with good reason within one year of a change in control would receive benefits equivalent to those set forth in this column.
- (3) Reflects a lump sum payment equal to three times annual base salary in effect on December 31, 2014.
- (4) Reflects annual base salary in effect on December 31, 2014 for a period of 36 months, payable in accordance with our regular payroll practices, which would be offset by any amounts we recover under disability insurance policies paid for by us.
- (5) Because bonus payments in any year are discretionary, the bonus amount is assumed to be equal to the actual bonus awarded to the executive officer under the Annual Incentive Plan for the year ended December 31, 2014, which was paid in cash in 2015.

- (6) Reflects the value of continued coverage under medical plans for Messrs. Silvester, O'Shea, Packer and Harris and their respective families and assumes continuation of premiums paid by us as of December 31, 2014 for the maximum coverage period of 36 months.
- (7) Reflects the aggregate of the excess of the closing price of our ordinary shares on Nasdaq at December 31, 2014 (\$152.89) over the exercise price of the cash-settled SARs (\$141.10).
- (8) Reflects accelerated vesting of 12,500 restricted shares based on the closing price of our ordinary shares on December 31, 2014 (\$152.89). All of these reported shares vested on February 23, 2015 when the closing price was \$136.80.

EQUITY COMPENSATION PLAN INFORMATION

The following table presents information regarding our equity compensation plans as of December 31, 2014.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in the First Column)
Equity compensation plans approved by security holders	—	\$ —	906,369 ⁽¹⁾
Equity compensation plans not approved by security holders	33,392	\$101.70	66,108 ⁽²⁾
Total	33,392		972,477

- (1) Consists of ordinary shares available for future issuance under the Equity Incentive Plan (including ordinary shares issuable in connection with awards under the Annual Incentive Plan) and the Enstar Group Limited Employee Share Purchase Plan.
- (2) Consists of ordinary shares available for future issuance under the Deferred Compensation Plan, which is described above under “Director Compensation.”

AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications, independence and performance and the performance of the Company's internal audit function. The Audit Committee is solely responsible for the appointment, retention and compensation of the Company's independent registered public accounting firm. It is not the responsibility of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. This is the responsibility of management and the independent auditors, as appropriate.

In performing its duties, the Audit Committee:

- has reviewed the Company's audited financial statements for the year ended December 31, 2014 and had discussions with management regarding the audited financial statements;
- has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standards No. 16, as adopted by the Public Company Accounting Oversight Board, under which such firm must provide us with additional information regarding the conduct of the audit of the Company's financial statements;
- has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communication with the Audit Committee concerning independence; and
- has discussed with the independent registered public accounting firm their independence, the audited financial statements and other matters the Audit Committee deemed relevant and appropriate.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for the year ended December 31, 2014 be included in the Company's Annual Report on Form 10-K for that year.

AUDIT COMMITTEE

Robert J. Campbell, Chairman
Kenneth W. Moore

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

Two Class III directors are to be elected at the Annual General Meeting to hold office until our annual general meeting in 2018:

Dominic F. Silvester

Kenneth W. Moore

Messrs. Silvester and Moore are currently serving as directors, and their biographies are available above under “Corporate Governance — Board of Directors.” Included in each nominee’s biography is an assessment of his specific qualifications, attributes, skills and experience.

Our Board nominated Messrs. Silvester and Moore following the recommendation by our Nominating and Governance Committee, a committee comprised entirely of independent directors. Each nominee has consented to serve if elected. We do not expect that either nominee will become unavailable for election as a director, but if either nominee should become unavailable prior to the meeting, the proxies to vote for such nominee will instead either be voted for a substitute nominee recommended by our Board, or not voted, if the Board determines in its discretion that the position should remain vacant.

**THE BOARD RECOMMENDS THAT YOU VOTE
FOR THE ELECTION OF THE NOMINEES**

PROPOSAL NO. 2 — ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We hold an advisory vote on our executive compensation each year. Accordingly, we are asking our shareholders to cast an advisory vote to approve the compensation of our executive officers as disclosed in this proxy statement.

Before you vote, we urge you to read the **Compensation Discussion and Analysis** and the **Executive Compensation Tables** sections of this proxy statement for additional details on our executive compensation, including its governance, framework, components, and the compensation decisions for our executive officers for 2014.

As an advisory vote, the results of this vote will not be binding on the Board or the Company. However, the Board values the opinions of our shareholders, and will, as it did last year, carefully consider the outcome of the vote when making future decisions on the compensation of our executive officers and our executive compensation principles, policies and procedures.

We ask our shareholders to approve the compensation of our executive officers by voting “FOR” the following resolution:

RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the executive officers, as disclosed in the Company’s proxy statement for the 2015 Annual General Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

THE BOARD RECOMMENDS THAT YOU VOTE FOR APPROVAL OF THE COMPENSATION OF OUR EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT

PROPOSAL NO. 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board has reappointed KPMG Audit Limited (“KPMG”), as our independent registered public accounting firm for the year ending December 31, 2015. At the Annual General Meeting, shareholders will be asked to ratify this appointment and to authorize our Board, acting through the Audit Committee, to approve the fees for KPMG. KPMG has served as our independent registered public accounting firm since our shareholders ratified its appointment three years ago at the 2012 annual general meeting. Representatives of KPMG are expected to be present at the meeting, will have the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2015 AND THE AUTHORIZATION OF OUR BOARD, ACTING THROUGH THE AUDIT COMMITTEE, TO APPROVE THE FEES FOR THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit and Non-Audit Fees

Aggregate fees for professional services rendered to us by KPMG and KPMG member firms for the years ended December 2014 and 2013 are set forth below.

	2014	2013
	(in thousands of U.S. dollars)	
Audit Fees	\$ 9,191	\$6,632
Audit-Related Fees	200	102
Tax Fees	661	638
All Other Fees	49	235
Total	\$10,101	\$7,607

Audit Fees for the years ended December 31, 2014 and 2013 were for professional services rendered for the audit of our annual financial statements, for the review of our quarterly financial statements, for services in connection with the audits for insurance statutory and regulatory purposes in the various jurisdictions in which we operate and for the provision of consents relating to our filings with the SEC.

Audit-Related Fees for the years ended December 31, 2014 and 2013 consisted primarily of professional services rendered for financial accounting and reporting consultations.

Tax Fees for the years ended December 31, 2014 and 2013 were for professional services rendered for tax compliance and tax consulting.

All Other Fees for the year ended December 31, 2014 and 2013 were for professional services rendered for certain subsidiary restructuring matters.

Consideration of Auditor Independence

The Audit Committee has concluded that the provision of the non-audit services by KPMG is compatible with maintaining its independence.

Procedures for Pre-Approval of Audit and Non-Audit Services

Our Audit Committee has adopted a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. During 2014, the committee also granted its pre-approval for specific types of tax and other non-audit services with specified fee structures that may be provided by KPMG. Any engagements falling within these pre-approved outlines can be entered into, with KPMG and management reporting the details of any such pre-approved engagements to the Audit Committee at its next meeting. The committee will review the scope of the pre-approval annually. In the event it becomes necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval at a time that does not correspond to a committee meeting, the Audit Committee has delegated authority to review and approve such services to the Audit Committee Chairman, who would report any such approvals to the full committee at its next meeting.

For the year ended December 31, 2014, the Audit Committee approved all audit and non-audit services by our independent registered public accounting firm either on an individual basis as the need arose or by way of the pre-approval process described above.

PROPOSAL NO. 4 — ELECTION OF DIRECTORS FOR OUR SUBSIDIARIES

Under our bye-laws, if we or our subsidiaries are required or entitled to vote at a general meeting of our subsidiaries, our Board must refer the subject matter of any vote regarding the appointment, removal or remuneration of directors to our shareholders and seek authority from our shareholders for our corporate representative or proxy to vote in favor of the resolutions proposed by these subsidiaries. We are submitting the election of the directors identified below for each of our subsidiaries whose shareholders are required to elect directors to our shareholders at the Annual General Meeting. Our Board will cause our corporate representative or proxy to vote the shares in these subsidiaries in the same proportion as the votes received at the meeting from our shareholders on these matters.

OTHER GOVERNANCE MATTERS

Shareholder Proposals for the 2016 Annual General Meeting

Shareholder proposals intended for inclusion in the proxy statement for the 2016 annual general meeting of shareholders pursuant to Rule 14a-8 under the Exchange Act should be sent to our Corporate Secretary at Enstar Group Limited, P.O. Box HM 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, HM JX, Bermuda and must be received by November 27, 2015 and otherwise comply with the requirements of Rule 14a-8 in order to be considered for inclusion in the 2016 proxy materials. If the date of next year's annual general meeting is moved more than 30 days before or after the anniversary date of this year's annual general meeting, the deadline for inclusion of proposals in our proxy materials is instead a reasonable time before we begin to print and mail our proxy materials. If the November 27, 2015 deadline is missed, a shareholder proposal may still be submitted for consideration at the 2016 annual general meeting of shareholders if it is received no later than February 10, 2016, although it will not be included in the proxy statement. If a shareholder's proposal is not timely received, then the proxies designated by our Board for the 2016 annual general meeting of shareholders may vote in their discretion on any such proposal the ordinary shares for which they have been appointed proxies without mention of such matter in the proxy materials for such meeting.

Householding

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of the Notice and, if applicable, the proxy materials may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of the Notice and, if applicable, the proxy materials to you if you request them by calling or writing to Investor Relations at Enstar Group Limited, P.O. Box HM 2267, Windsor Place, 3rd Floor, 22 Queen Street, Hamilton, HM JX, Bermuda (Telephone: (441) 292-3645). If you want to receive separate copies of the Notice and, if applicable, the proxy materials in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact the Company at the above address or phone number.

Other Matters

We know of no specific matter to be brought before the meeting that is not referred to in this proxy statement. If any other matter properly comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote the proxies in accordance with their best judgment on such matter.

WE WILL FURNISH, WITHOUT CHARGE TO ANY SHAREHOLDER, A COPY OF ANY EXHIBIT TO OUR ANNUAL REPORT ON FORM 10-K FOR THE YEAR ENDED DECEMBER 31, 2014 UPON WRITTEN REQUEST TO INVESTOR RELATIONS, C/O ENSTAR GROUP LIMITED, P.O. BOX HM 2267, WINDSOR PLACE, 3RD FLOOR, 22 QUEEN STREET, HAMILTON, HM JX, BERMUDA
